DECLARES WAR ON TURKEY

Montenegro Forestalls Action of the Powers Looking Toward Peace

Heavy Fighting Is Already in Progress Along the Frontier

CETTINJE, Montenegro Oct. 8.—Montenegro formally declared war against Turkey today. The declaration was delivered to the Porte by the Montenegrin charge d'Affaires early today. Heavy fighting is already in progress along the frontier.

ASKS FOR PASSPORTS. CONSTANTINOPLE, Oct. 8.—The Montenegrin charge d'Affaires asked for his passport from the Turkish government today. He will leave here later today. It is understood that the charge addressed a note to the Porte pointing out that the frontier incidents are not such as can be arranged immediately. It is rumored that hostilities have broken out.

FORESTALS POWERS. LONDON, Oct. 8.—The declaration of war on Turkey reported from Cetinje to have been made today by the little kingdom of Montenegro forestalled the action of the European powers in favor of peace by only a few hours. The ambassadors at Constantinople and the ministers at the capitals of Bulgaria, Serbia, Greece and Montenegro were informed of the declaration.

Body Believed to Be That of McKellar Found

A body believed to be that of Harry McKellar, who with Frank Murray was drowned off Goat Island a week ago Sunday, was found floating in the bay near a wharf at the foot of Sixty-seventh street in Emeryville today. Antonio J. Andre took a small boat and rowed out to get the body. The remains, which were in a bad state of decomposition, were removed to the Oakland morgue, where tentative identification was made by Deputy Coroner Bert Sergeant from the description furnished him by relatives of McKellar. McKellar, Frank Murray and Irving Blackwell were on a yacht ride a week ago Sunday when McKellar and Murray in a friendly scuffle fell from the deck of the vessel and were drowned. Murray's body was recovered yesterday near the Key Route pier.

Aged Woman Struck by Auto; Is Fatally Injured

Stepping from the curb and becoming confused at the approach of an automobile delivery wagon, an aged woman, with gray hair and dressed in a blue calico frock, whose name is believed to be Mrs. Wright, was struck down and perhaps fatally injured at Twenty-second and San Pablo at 9:30 this morning. The auto belongs to the Wilco Candy Company and was driven by H. Wilson of 540 Thirty-third street. With Wilson in the car was B. Anderson of Thirteenth and Van Ness streets. Wilson, who was driving slowly at the time, having just crossed the Key Route tracks, attempted to pass back

Eugene A. Clancy Charged With Making Confession

INDIANAPOLIS, Oct. 8.—Eugene A. Clancy, San Francisco, a former member of the board members of the Iron Workers' Union, was charged in the trial of the dynamite case today with having admitted to government agents that he assisted in arranging for explosions at Los Angeles.

GAZES LONG IN MIRROR; ENDS LIFE

Wife of Lawyer Commits Suicide With Revolver While Friend Looks On

Tragedy Takes Place After Having Had Quarrel With Her Husband

SAN FRANCISCO, Oct. 8.—Frustrated in an attempt to commit suicide at 7 o'clock last night, Mrs. Frances G. Lewis, the wife of J. Hall Lewis, an attorney with offices in the Monahan building, spent the evening in company with E. F. Howard Gay, author and journalist, residing at the Hotel Metropole, Oakland, and later shot herself while in her apartment at 1801 California street. She died at 4:45 a. m. at the Central Emergency hospital.

FAREWELL NOTE. The note left by Mrs. Lewis indicates that the cause of the disagreement between herself and her husband was jealousy and it would appear that charges of flirting had been made by the attorney and denied by Mrs. Lewis. The missive reads:

"Dear Jack: I am going to see Mr. Billch now and tell him that I resign all rights to anything that you have excepting \$100. The \$100 is to partly get my ring back, pay a bill and buy a revolver. I shall end it all this evening at 8:30, for I can't live without you; and, another thing, I don't intend to. I have not done anything wrong as a matter of fact. I don't suppose I flirted with this man as much as you have sometimes with women. I don't care for him by any manner of means, and he knows it. I love my husband and I am going to die rather than live without him. There will be a copy of this letter on my desk in case, for some reason or other, you do

One Juror in Box At Becker Trial

NEW YORK, Oct. 8.—With one juror in the box, the second day of the trial of Police Lieutenant Charles Becker, charged with the murder of Herman Rosenthal, was resumed before Judge Goff in the criminal branch of the Supreme Court today.

PATRIOTISM PROMPTED 'SLUSH'

'Fine Thing to Give Funds to Campaign,' Says Former Attorney-General

MacVeagh Tells How the Big Interests Opened Purses for Roosevelt

WASHINGTON, Oct. 8.—Wayne MacVeagh of Philadelphia, former attorney-general, testified before the Clapp committee today that he did not recall an alleged conversation between J. Pierpont Morgan and E. H. Harriman in 1904 about Republican campaign funds. Charles Edward Russell, Socialist candidate for governor of New York, and J. C. Welliver, a writer, told their version of the story yesterday. It was substantially that MacVeagh had been present in Morgan's office when such a conversation took place.

"I never saw Mr. Morgan use the telephone or knew of his being called to the 'phone," he said, and added that Morgan had never conversed with him on the subject of campaign contributions. The pre-convention expenditures of the supporters of President Taft and the Roosevelt activities in the South this year as well as the 1904 campaign fund were up for discussion before the committee today. Former Senator Chauncey M. Depew of New York and Nathan B. Scott of West Virginia, Congressman William McKinlay, who managed the Taft pre-convention campaign, Ormsby McHarg, Roosevelt

Woman Pleads Guilty to Selling Pools on the Races

Mrs. L. A. Brink, wife of a Berkeley physician, who was arrested on July 17, following a raid on an alleged poolroom, at 491 Tenth street, at which time Mrs. Alma Duncan and John Sutherland, said to have been her partners, were also taken into custody by the police, pleaded guilty to operating a place where bets were taken on races this morning, when

Leper's Wife Given Divorce and Alimony

TACOMA, Wash., Oct. 8.—Mrs. John R. Early has been granted a divorce from John R. Early, the leper now at Diamond Point hospital. She was given the custody of the three children and \$55 of Early's salary of \$45 a month for acting as keeper of another leper.

Wood, Boston Pitcher, Shows Great Speed, While Tesreau, for New York, Is Unsteady at the Opening of Contest

Giants Are the First to Score When Devore and Doyle Reach Home in Third Inning of Game on Murray's Timely Single Drive to Centerfield

GREAT PITCHERS' BATTLE IS FOUGHT

NEW YORK, Oct. 8.—Boston won the first game of the world's series this afternoon. Forty thousand persons saw a pitchers' battle, in which Joe Wood of Boston turned back the Giants from the plate time and again by his clever box work. The Giants were the first to take the lead on sharp hitting by Doyle and Murray, whose bats succeeded in scoring two runs in the third inning. Tesreau, the Giants' pitcher, held Boston hitless until the sixth, when Speaker's triple and an infield out scored the Red Sox's first run. A succession of safe hits by Boston netted three runs in the seventh inning. The Giants rallied gamely in the ninth, but were only able to score one run on three hits. The official score:

meeting this morning and gave its instructions to the umpires. The New York team came on the field at 12:44 o'clock, led by Manager John McGraw, who waved his hand as the crowd cheered. The Giants wore their home uniforms of white with thin black stripes. Larry Doyle, the Giants' second baseman and captain, was presented with an automobile. The Giants then began their batting practice.

The Red Sox appeared five minutes later and were given a hearty cheer. The Boston players warmed up along the side lines while an army of photographers flocked over the field snapping the players. The crowd gave vent to its enthusiasm by cheering the team members. The lower grandstand was black with people and as soon as the back bleachers began to choke with the throng the gates were closed. There were only a few bare spots in the field bleachers. The Boston delegation, waving red flags, with the aid of a brass band, helped to keep on edge the feverish excitement of the crowd.

SNAFFY PLAY. Batting practice was over at 1:40 o'clock and the Giants took the diamond for field practice and the snappy stops and throws of the home players soon had the crowd on the top rung of excitement. During the practice John T. Brush, owner of the Giants, came on the field in his automobile. All the field stands were now filled, while behind the seats on the lower grandstands there were rows of people standing three deep. Ten minutes to two o'clock the four umpires, Klem, Rigler, Evans and O'Loughlin, walked out to the home plate and conferred with Managers Stahl and McGraw. It was announced that Tesreau and Meyers would be the batteries for New York and Wood and Cady for Boston.

The line-up: Boston—Hooper, right field; Yerkes, second base; Speaker, center field; Lewis, left field; Gardner, third base; Stahl, first base; Wagner, shortstop; Cady, catcher; Wood, pitcher. New York—Devore, left field; Doyle, second base; Snodgrass, center field; Murray, right field; Merkle, first base; Hertzog, third base; Meyers, shortstop; Fletcher, shortstop; Tesreau, pitcher. Umpires—Klem, Evans, Rigler and O'Loughlin.

Excited and anxious "fans" gathered before nightfall to secure the first choice of seats in the lower grandstands and backfield bleachers. But there was no need for the all-night line for when the gates were opened, and the first rush of enthusiasts had been taken care of there were still 25,000 seats to be had. All morning there was a constant pouring of spectators through the turnstiles. The upper stands, being reserved, were the last to fill and the teams had about finished practice when the last spectators passed through the turnstiles. CHEERING CROWD. Back of the Red Sox bench were crowded the "fans" from Boston. They were there to cheer and yell and they did it with a lustiness that rivaled with the cries of the New York crowd. A brass band perched in a stand in the left field bleachers was drowned out by the constantly cheering crowd. The national commission held a

MADLY CHEERING CROWDS WITNESS DEFEAT OF GIANTS Pitching by Wood for the Red Sox Is Feature of Splendid Game

(Continued From Page 1)

Hooper taking third on the play, Lewis flew out to center. No runs, no hits, no errors.

Second half—Gardner was safe on Fletcher's error. It was a ground ball to first. The crowd was wild. No runs, no hits, no errors.

Third half—Wood was given a big cheer when he went to the plate. Wood walked to first on four balls. Hooper sacrificed, Tressau to Merkle. Yerkess was out. Doyle to Merkle. Wood took third. Speaker was purposely passed to first. Lewis was out on a high fly to Fletcher.

No runs, no hits, no errors. Second half—Tressau came in for liberal cheering when he came to the plate. Tressau struck out. Wood had struck out the last three men who faced him. Hooper was given a high on balls. Doyle got a double to left. Devore taking third. It was a high ball and fell near the left field foul line too far in for Lewis to reach it. Snodgrass struck out. Devore and Doyle scored on Murray's single to center. Murray went out trying to stretch his hit. Speaker, Cady to Wagner.

Two runs, 2 hits, no errors. First half—Gardner was out on a high fly to Herzog. The stands were now cheering every play that was made. Stahl struck out and the crowd yelled. Tressau's delivery was breaking sharply over the corners of the plate. Wagner fouled to Merkle. No runs, no hits, no errors.

Second half—Murray was given a great ovation as he came in from the field. Last year he failed to make a hit in the world's series. Merkle was another strike-out victim of Wood, who burned the ball across the plate with blinding speed. It was his fifth strike out. Herzog singled to center. The ball bounding over Wagner's head. Meyers went out, Wood to Stahl. Herzog took second. Fletcher was another strike-out victim, leaving Herzog stranded at second.

No runs, 1 hit, no errors. First half—Cady went out, Doyle to Merkle. Tressau was now in his best pitching stride. Not a Boston player has made a hit so far. The giant pitcher employed a fast-breaking splitter and a wicked inshoot. Wood went out on a grounder to Merkle, unassisted. Hooper could not see Tressau's high ones and fanned. The giant pitcher was given a round of applause as he came to the bench.

No runs, no hits, no errors. Second half—Tressau struck out. He took three mighty swings at the ball, but failed to connect. Devore popped to Lewis. It was a pitcher's battle, Tressau having the better of it. Doyle got a single which Gardner managed to knock down and the runner tried to stretch and was thrown out. Gardner to Yerkess. It was a wonderful stop of Gardner and an equally fine throw to second.

No runs, 1 hit, no errors. First half—Yerkess fled to Snodgrass. No runs, no hits, no errors.

Second half—Gardner was out on a high fly to Herzog. The stands were now cheering every play that was made. Stahl struck out and the crowd yelled. Tressau's delivery was breaking sharply over the corners of the plate. Wagner fouled to Merkle. No runs, no hits, no errors.

Second half—Murray was given a great ovation as he came in from the field. Last year he failed to make a hit in the world's series. Merkle was another strike-out victim of Wood, who burned the ball across the plate with blinding speed. It was his fifth strike out. Herzog singled to center. The ball bounding over Wagner's head. Meyers went out, Wood to Stahl. Herzog took second. Fletcher was another strike-out victim, leaving Herzog stranded at second.

No runs, 1 hit, no errors. First half—Cady went out, Doyle to Merkle. Tressau was now in his best pitching stride. Not a Boston player has made a hit so far. The giant pitcher employed a fast-breaking splitter and a wicked inshoot. Wood went out on a grounder to Merkle, unassisted. Hooper could not see Tressau's high ones and fanned. The giant pitcher was given a round of applause as he came to the bench.

No runs, no hits, no errors. Second half—Tressau struck out. He took three mighty swings at the ball, but failed to connect. Devore popped to Lewis. It was a pitcher's battle, Tressau having the better of it. Doyle got a single which Gardner managed to knock down and the runner tried to stretch and was thrown out. Gardner to Yerkess. It was a wonderful stop of Gardner and an equally fine throw to second.

No runs, 1 hit, no errors. First half—Cady went out, Doyle to Merkle. Tressau was now in his best pitching stride. Not a Boston player has made a hit so far. The giant pitcher employed a fast-breaking splitter and a wicked inshoot. Wood went out on a grounder to Merkle, unassisted. Hooper could not see Tressau's high ones and fanned. The giant pitcher was given a round of applause as he came to the bench.

No runs, no hits, no errors. Second half—Tressau struck out. He took three mighty swings at the ball, but failed to connect. Devore popped to Lewis. It was a pitcher's battle, Tressau having the better of it. Doyle got a single which Gardner managed to knock down and the runner tried to stretch and was thrown out. Gardner to Yerkess. It was a wonderful stop of Gardner and an equally fine throw to second.

With Speaker up the Boston fans cried for a hit. Speaker got a base on error but it was the first hit for Boston. Speaker scored on Lewis' grounder to Doyle, who threw the runner out at first. Speaker struck out.

Second half—Gardner was safe on Fletcher's error. It was a ground ball to first. The crowd was wild. No runs, no hits, no errors.

Third half—Wood was given a big cheer when he went to the plate. Wood walked to first on four balls. Hooper sacrificed, Tressau to Merkle. Yerkess was out. Doyle to Merkle. Wood took third. Speaker was purposely passed to first. Lewis was out on a high fly to Fletcher.

I LOVE YOU STILL, IS FAREWELL NOTE

Woman Commits Suicide After Looking Long at Herself In Mirror.

(Continued From Page 1)

not get this. Please attend to my burial and don't use autos. I suppose it is not British not to die bravely, but I love you, and there is an end of it. "So good-bye, old chap. I hope you will be happy the rest of the time you live. You can do with things here of course just as you like. This letter will be found, I suppose, and probably published. I can't help that. They will only know that I loved my husband and that I have done no wrong. You can die as it was in life, your own."

It is thought likely that the other Balkan states may decide to follow the lead of Montenegro and throw their armies into Turkey.

The situation of the Christians in Albania and Macedonia and the demand of the Balkan states that these provinces should be granted autonomous government are the main causes of the crisis.

Dispatches from Constantinople received during the night say military patrols were going around the city requisitioning all the horses. The military authorities, too, had placed troops on board a large number of Greek vessels which they had sailed in Turkish waters and it is said these are to be used for the transportation of troops. The Greek legation has ordered the masters of the vessels to land the crews.

Heavy fighting is said to be in progress between the Montenegrins and the Turkish troops along the frontier. A brigade of nine battalions of Turkish infantry proceeding from Scutari to Tusi, on the Montenegrin frontier, was attacked last evening by a large force of Montenegrin troops. Just before reaching Tusi, the battle, according to the dispatch, still is proceeding this morning.

No confirmation has yet been received by foreign legations here or by the British foreign office. The many special newspaper correspondents in the Balkans also are silent.

A further dispatch from the same source says the Montenegrin government instructed its representative at Constantinople to break off all diplomatic relations with Turkey today and leave Constantinople immediately. The Montenegrin government at the same time is said to have handed his passports to the Ottoman charge d'affaires at Cetinje.

The Stock Exchange regarded the declaration of war by Montenegro with calmness and prices changed very little. The market appeared inclined to await the result of the action taken by the powers. Consols did not change, but American stocks were from 1 to 2 1/4 below par.

JOINT REPRESENTATIONS. SOFIA, Bulgaria, Oct. 8.—The Austrian and Russian ministers at noon today made joint representations to the Bulgarian government on behalf of the powers.

The Bulgarian government informed the powers strongly disapproved of the warlike attitude of the Balkan states, and urged upon them a prompt cessation of the military concentration.

CROSS FRONTIER. BELGRADE, Oct. 8.—Reports reached here today that Montenegrin troops had crossed the Turkish frontier. The Serbian parliament today voted an extra credit of \$3,000,000 for military purposes and the merchants of this city are making large donations to the funds being raised for the assistance of poor families whose breadwinners have been called upon for military service.

Search among the musty files of the Hall of Records was made today by City Auditor George E. Gross and Chief Deputy Auditor G. E. Wade, in hopes of finding a warrant for \$10 drawn on the Ex-empt Fireman's Relief Fund, 17 years ago, which was never cashed, and which has necessitated considerable extra book-keeping in the Auditor's office ever since.

After being used as an exhibit in the suit of George Taylor against the city council, the warrant disappeared. The suit, which was brought as a test case, was won by Taylor, but the ruling of A. L. Frick, then a Superior Judge, was reversed in the Supreme Court in 1895-96, and thereupon relegated to volumes of records, which have since been undisturbed.

Previous to the filing of the suit, the State Legislature had passed an act providing that cities the size of Oakland should create through the council a fund available for relief to exempt firemen amounting to \$12,000, subject to orders from a commission established for the purpose. One of the provisions in the act was that no matter where the exempt fireman has done service, in what city of the State, if he had settled in a certain city, he would be eligible to the fund. The fund was not created by the council, of which present Mayor Frank J. Kott was then president. As a result, the case was carried into the Superior Court, where judgment was rendered in favor of plaintiff. For the purpose of the suit, the late E. W. Brown, who was then city auditor, was called upon.

was in reality an overcast against the fireman's fund. Treasurer Zac T. Gilpin refused to cash the warrant. The paper was used as evidence in the case. Judge Frick held that Taylor was entitled to relief under the act, thereby making it mandatory upon the city council to pay the funds. The Supreme Court did not look at the case in the same light as Judge Frick and it overruled his decision.

Papers connected with the case were noted by Auditor Gross, and unless the original warrant can be located, a duplicate will be drawn and a release obtained from Attorney De Golla, so that the account on the books in the Auditor's office can be dropped.

MONTENEGRO WARS ON SUBLIME PORTE

Fighting Begins on Frontier, Forestalling Action of Powers.

(Continued From Page 1)

negro had been instructed to make representations on behalf of their governments today, and a dispatch from Belgrade affirms that their program had been carried out there. It was officially announced in Constantinople that diplomatic relations with Montenegro had been broken off.

It is feared generally in diplomatic quarters here that the action Montenegro has precipitated and the fighting reported to have taken place between Turkish and Montenegrin troops on the frontier will tend to frustrate the efforts of diplomacy.

It is thought likely that the other Balkan states may decide to follow the lead of Montenegro and throw their armies into Turkey.

The situation of the Christians in Albania and Macedonia and the demand of the Balkan states that these provinces should be granted autonomous government are the main causes of the crisis.

Dispatches from Constantinople received during the night say military patrols were going around the city requisitioning all the horses. The military authorities, too, had placed troops on board a large number of Greek vessels which they had sailed in Turkish waters and it is said these are to be used for the transportation of troops. The Greek legation has ordered the masters of the vessels to land the crews.

Heavy fighting is said to be in progress between the Montenegrins and the Turkish troops along the frontier. A brigade of nine battalions of Turkish infantry proceeding from Scutari to Tusi, on the Montenegrin frontier, was attacked last evening by a large force of Montenegrin troops. Just before reaching Tusi, the battle, according to the dispatch, still is proceeding this morning.

No confirmation has yet been received by foreign legations here or by the British foreign office. The many special newspaper correspondents in the Balkans also are silent.

A further dispatch from the same source says the Montenegrin government instructed its representative at Constantinople to break off all diplomatic relations with Turkey today and leave Constantinople immediately. The Montenegrin government at the same time is said to have handed his passports to the Ottoman charge d'affaires at Cetinje.

The Stock Exchange regarded the declaration of war by Montenegro with calmness and prices changed very little. The market appeared inclined to await the result of the action taken by the powers. Consols did not change, but American stocks were from 1 to 2 1/4 below par.

JOINT REPRESENTATIONS. SOFIA, Bulgaria, Oct. 8.—The Austrian and Russian ministers at noon today made joint representations to the Bulgarian government on behalf of the powers.

The Bulgarian government informed the powers strongly disapproved of the warlike attitude of the Balkan states, and urged upon them a prompt cessation of the military concentration.

CROSS FRONTIER. BELGRADE, Oct. 8.—Reports reached here today that Montenegrin troops had crossed the Turkish frontier. The Serbian parliament today voted an extra credit of \$3,000,000 for military purposes and the merchants of this city are making large donations to the funds being raised for the assistance of poor families whose breadwinners have been called upon for military service.

Search among the musty files of the Hall of Records was made today by City Auditor George E. Gross and Chief Deputy Auditor G. E. Wade, in hopes of finding a warrant for \$10 drawn on the Ex-empt Fireman's Relief Fund, 17 years ago, which was never cashed, and which has necessitated considerable extra book-keeping in the Auditor's office ever since.

After being used as an exhibit in the suit of George Taylor against the city council, the warrant disappeared. The suit, which was brought as a test case, was won by Taylor, but the ruling of A. L. Frick, then a Superior Judge, was reversed in the Supreme Court in 1895-96, and thereupon relegated to volumes of records, which have since been undisturbed.

No Place Like "Mosbacher's" For Values— Tomorrow, We Place on Sale 150 Women's and Misses' Suits at \$15.00

Every suit is man-tailored. The materials are all-wool and are the very best mannish mixtures and serges. The styles are the latest. These suits are positive \$22.50 to \$30.00 values, and it is only through a very opportune purchase that we are able to sell them at \$15.00.

All sizes from 14 to 51. And remember, that in addition, alterations are free which saves you another \$2.50 or \$3.

MOSBACHER'S CLOAK AND SUIT HOUSE 13 TH. AND WASHINGTON STS. OAKLAND

The Greatest Values Ever Offered Two New Style Victrolas The most wonderful of all musical instruments. More beautiful, more artistic, more complete than ever. Victor-Victrola X, \$75. We will gladly arrange terms to suit you on any Victrola. Hear one today. Prices \$15 to \$200 Victor-Victrola XI, \$100 KOHLER & CHASE 473 Twelfth Street, Oakland

GRAIN FLEET TO MOVE THIS WEEK

Demand for Sea Going Vessels on Coast Said to Be Great.

Advices received here today from the north report that the outward movement of the grain fleet will begin in earnest some time this week. The steamers have been busily engaged in the transferring of the coast grain crop to the Orient for the past few weeks while the windjammer portion of the fleet will begin operating some time this week. It is expected according to the advices received here, that the British bark Walscombe Park will be the first of the sailing vessels to get away from the Puget Sound district for the United Kingdom. She is loading between 3000 and 4000 tons of wheat and will probably sail late this week.

Practically every vessel capable of going to sea is at present on the ways of some shipyard being put into condition to operate on either the lumber or grain services. According to mail advices received here, the sailing ship, the Columbia, will sail for the Antilles, the vessel being loaded with lumber. She will operate for the Blind Ralph company of San Francisco and is in charge of Captain Carlson. The vessel will probably complete her local work the latter part of this week when she will sail for her northern destination.

After a rough and exciting passage from Australia, the big British freighter, Captain Wallace, arrived here this morning from Newcastle. The big Britisher was shifted up the inner channel by several Redstock tugs to the Western Fuel Company's bunkers where she will discharge a coal cargo. The American Hawaiian Steamship Company's freighter, Alaskan, Captain Hillman, is at Long Wharf loading freight for Salina Cruz. The vessel will probably complete her work this afternoon when she will sail for the south. Her cargo is consigned to ports on the European and Atlantic coasts.

The steam schooner Despatch, Captain Rees, arrived yesterday from Eureka. She is at Pacific Lumber Company's wharf discharging a lumber cargo. The steamer Melville Dollar is at Long Wharf loading 1,000 tons of gypsum for the north. The coast supply which was run down by the steam schooner Charles Nelson several days ago in the stream was put on the ways of the Pacific Shipyards this morning. The craft was damaged to the extent of \$250. Sailing from the inner harbor during the past 24 hours were the steam schooner Newburg and Phoenix. Their berth left to load lumber for this port.

ACCUSED SECOND TIME. SAN FRANCISCO, Oct. 8.—Dorothy Blessing, arrested several days ago by the Portland police, will have one additional accusation to answer for when she is brought here by Detective Bert Wren, who left for the north this morning. The Emporium complained today that last November the woman passed a spurious check on the store for \$160.

MOTORCYCLE VICTIM DIES. SAN FRANCISCO, Oct. 8.—D. Garvanek, a 16-year-old boy, who lived at 311 Filbert street and who was run down by a motorcycle on September 30, died at the city and county hospital this morning.

Can You Beat It? Yes By paying from \$7.50 to \$10 more. No Not for the same money. We refer to our \$15 SPECIAL SUIT. Every virtue that would back it up with their unconditional guarantee is possessed by these Cheerful Clothes. Don't take our word for it. We are more than anxious for the chance to make good. Better once up to \$30. Double 24 Trading Stamps on Morning Purchases. Mesmer Smith-Co. The House of Merit. 1232-34 WASHINGTON ST.

We have the assortment, facility and responsibility to assure you a bargain. CALIFORNIA LOAN OFFICE. CALIFORNIA'S LARGEST PAWN BROKERS. 835 Broadway, corner 8th Street, Oakland, Cal.

BRUNSWICK HOTEL PROPERTY IS SOLD. Dr. W. D. Huntington Disposes of Valuable Corner. One of the important sales of the year has just been closed through the office of Geo. W. Austin whereby the Brunswick hotel building of four stories and lot, 50x100 feet in size, situated at the northwest corner of Ninth and Washington streets, has been sold to the same owner, Dr. W. D. Huntington having sold the same to L. H. Jones, C. H. Jones and R. J. McMullen of the State Savings Bank of Oakland. This is an historic property, having been occupied in the past by Kohler and Chase, the Home Insurance Company, and the Fireman's Fund Insurance Company. Dr. Huntington purchased the property about a year ago for \$120,000, and has now disposed of it at a considerable profit. The building is a fine structure and is well adapted for the actual consumption of the street opening. The building is a fine structure and is well adapted for the actual consumption of the street opening. The building is a fine structure and is well adapted for the actual consumption of the street opening.

NEW PITCHING MARK. BOSTON, Oct. 8.—When Joe Wood, Boston's star pitcher, turned in a season's record of thirty-four victories and five defeats for an average of .250 last week, he set a pitching mark which has never been reached in modern times. Reulbach of the Chicago Nationals came the nearest to it with .225 in 1906, while Mathewson, however, has twice won more than 34 victories in a season. He took 35 games in 1904 and 37 in 1905. In his long career Mathewson has collected 312 victories against 142 defeats, an average of .568.

GAME POSTPONED. CHICAGO, Oct. 8.—Rain forced a postponement of the opening game today between the Chicago clubs of the American and National leagues to decide the baseball championship of Chicago.

PRIZE MONEY GREAT. NEW YORK, Oct. 8.—"New York Nationals vs. Boston Americans at the Polo grounds today." To baseball enthusiasts from coast to coast that announcement foretold the opening day of another world's championship baseball series, the New York National League pennant-winners to contest with the Boston American League Club, the champions of their organization for the world's title. To the winners of the first four out of the seven-game series also goes the larger share of the money prize, reckoned at more than \$100,000. The day broke fair and crisp and the weather man promised a fine afternoon. Ground Keeper Murphy looked out over the field of the polo grounds and reported a diamond ready for fast playing. The early comers began to gather at the Brush stadium early last night to be in line when the gates at 6 o'clock this morning were opened. By midnight this line had grown to 600 people. Many of them had brought camp stools upon which to take an occasional sitting nap. It grew cold toward morning and the crowd singled close to the high board fence along Eighth avenue to escape a biting west wind. A woman appeared in line just after midnight and was cheered. She was not long without, feminine company. By sunrise a score of women were found in the shivering trail that led from the yellow gates down toward the "J" station at One Hundred and Fifty-fifth street. Club officials estimated that there were 400 people at the gates at 6 o'clock. This early throng was formed in a line four abreast and when the gates were flung open there was a rush for the unserved sections of the lower grandstands and for the "bleacher" seats under the upper grandstands. Such seats were being previously disposed of. The Nationals were confident of the

AUDITOR GARRISON MAKES RECORD-BREAKING TIME

County Official Turns Over to Tax Collector Assessment Rolls Fully Extended

On last Saturday morning Auditor Garrison turned over to Tax Collector Peabody the assessment rolls of Alameda county with the tax year extended. The auditor has broken all previous records by one week, notwithstanding the fact that there are 10,000 more bills this year than last.

The assessed valuation of Alameda county for the year 1912 and taxes charged to the tax collector, including special school taxes, are as follows:

Value of non-operative property	\$215,532,735.00
Value of operative property	20,927,743.00
Value of railroad franchise assessed by State Board of equalization	6,262,108.00
Total valuation of county	243,043,586.00

TAXES.	
Oakland, city	1,503,050.91
Berkeley, city	478,085.58
Alameda, city	210,327.48
Emeryville, city	25,157.00
Hayward, city	30,301.20
Livermore, city	8,255.77
Pleasanton, city	4,354.94
Piedmont, city	59,445.86
San Leandro, city	27,752.70
Albany, city	37,343.40
Oakland township	26,044.38
Brooklyn township	126,356.61
Washington township	103,490.19
Ridgewood township	30,961.10
Murray township	52,535.33
Pleasanton township	7,414.89
Operative property	2,734,691.51
Total amount of tax charged	102,390.33
Amount of Panama canal state tax	2,632,301.18
Amount of tax for county purposes	

MACVEAGH IN DENIAL OF J. P. MORGAN'S STORY

Declares Financier Never Spoke to Him of Campaign Contributions

(Continued From Page 1)

est and that the contributions would have to be made. I recall that he expressed the opinion that the contributions would be practically a waste; that Mr. Roosevelt was sure of his election; but that Mr. Harriman, who had been acting in the common interest, could not be expected to stand the entire contribution. He added that 'of course there is nothing for me to do but to meet his request.'

MacVeagh said that undoubtedly was the incident to which Russell and Welliver had alluded.

"I made no secret of it," said MacVeagh, "because it was thought at that time to be a fine, patriotic thing to give funds to a campaign."

MacVeagh also related a recent conversation with Charles A. Peabody, president of the Mutual Life Insurance Company, in which Peabody said he had been in Harriman's office when he called up Twombly about the contribution.

Mr. Peabody told Mr. Harriman that he had been down to Washington, and that the President insisted, or requested, or desired, that he raise the additional money, part of it for the state campaign in New York and part of it for use in other states."

MacVeagh added that Twombly told him he had once been invited to luncheon at the White House with Frick, but before the Harriman incident.

"While he did not say so, he gave me to understand that they had both made contributions afterwards," said MacVeagh.

MacVeagh had objected to relating incidents because the men concerned were dead and unable to testify, but the committee insisted.

Twombly represented, he understood, the Vanderbilt railroad interests; Frick represented coal and steel interests; Archibald represented Standard Oil interests, and George J. Gould leading railroad interests.

\$290,000 IS SPENT.

Representative William B. McKinley, pre-convention manager for President Taft, presented to the Clapp

committee today accounts showing he had spent about \$290,000 for the President's candidacy. He said \$150,000 was subscribed by Henry W. Taft and Charles P. Taft, the President's brothers, and that John Hays Hammond, E. T. Stotesbury and Andrew Carnegie gave \$25,000 each.

Ormsby McHarg, contest manager for the Roosevelt forces at the Chicago Republican convention, told reports that he spent between \$25,000 and \$30,000 in pre-convention work for Colonel Roosevelt's candidacy through the Southern states.

WINS DIVORCE; LOSES BABES

SAN FRANCISCO, Oct. 8.—Oscar S. Gohranson, who demonstrated two weeks ago to Superior Judge Graham his desire for the proper moral training of his two children by having one of them say prayers on the witness stand, was deprived of their custody by a decision rendered by the court today. Judge Graham granted a decree of divorce to Gohranson from Corinne Gohranson, allowing her the possession of the two little girls, but warning her that should she hear of making excursions into the night life, he would take them from her.

Mrs. Gohranson filed suit charging extreme cruelty. Her husband, who is a carpenter, brought a cross complaint in which he declared that his wife had kept him hours. Gohranson's sister, Miss Corinne Gohranson, told of the alleged cruelty of the wife and broke down and wept on the witness stand. After she finished her testimony and had stepped down, she turned to Mr. Gohranson and said: "Corinne, can't you look towards your children and your home. I don't know where your heart is at, girl."

Gohranson made a plea for his children, but the court thought it best to give them into the mother's keeping.

POPULAR WOMEN TO PRESIDE AT SOCIAL AFFAIR

MRS. J. H. MELLON.

Next Friday night Court California, No. 159, National Order of Daughters of Isabella, will give a social hop at Porter Hall on Grove street, near Nineteenth. The affair, which is in charge of Mrs. Regina Mellon, Miss Julia Flaherty, Miss Sarah A. Mullins and Miss Alice Harrigan, who compose the committee of arrangements, promises to be one of the social events of the season.

Extensive preparations are being made for the accommodation of the large number of people who have already signified their intention to join in the evening's entertainment. The hall is being prettily decorated for the occasion and everything possible is being done to make the affair an enjoyable one.

The reception committee is composed of the following energetic workers: Mrs. Regina Mellon, Miss Julia Flaherty, Miss Sarah A. Mullins, Mrs. J. Lighthouse, Miss Katherine Carroll, Miss Alice Harrigan, Miss Anna McDowell, Miss Minnie Feehan, Miss Gertrude Carroll, Miss Lillian Wilton, Miss Anna Fitzpatrick and Miss Margaret Gallagher.

Cholera Is Epidemic In Yokohama, Japan

WASHINGTON, Oct. 8.—Cholera is epidemic at Yokohama, Japan, according to today's reports to the public health service, and extra precautions for inspection of ships from there have been expected.

SENT TO REFORMATORY.

SAN FRANCISCO, Oct. 8.—Robert Mott, 20 years old, arrested February 28 for robbing a delicatessen shop, was sent to the Ione reformatory today by Superior Judge Cabanis. One of his companions, Walter Kelling, has already been released on probation and the other, Joseph Murray, an elevator man at the city hall, will be sentenced this week. The latter was sent by the police who arrested the trio while they were attempting to commit a burglary.

HELD UP AND ROBBED.

SAN FRANCISCO, Oct. 8.—James O'Neill, who lives at the Brooklyn Hotel, Third street, was held up at night and robbed of \$40 and a watch. The bandit knocked him down and held his prostrate while he went through his pockets.

GOSPEL OF SINCERITY PREACHED TO AD MEN

Truth Good Enough to Sell Property if Well Presented, Says Johnson

"Suburban Real Estate Advertising" discussed the standpoint of the man who writes it and the public for whom it is written, was the feature furnished today's luncheon of local "Ad" men by S. P. Johnson of San Francisco. Johnson, who was in charge of the luncheon, and his remarks were received with manifest attention and approval.

"There are different kinds of suburban real estate," said Johnson, "just as there are different kinds of people to buy it. Your appeal, therefore, must be arranged to fit both. You must know your property, and your audience, to make the advertising pay."

You may safely count on this: People like a change. Those in the city think they'd like the country while the opposite is true of those already there. There is a German saying, 'Wo ich nicht bin, da ist Glück,' which means, 'Where I am not, there is happiness.'

"You may bring to bear the power of contrast by telling of the business, the length, the depth, the width of the suburban residence location as compared with the narrow restricted city lot. You have the advantage of all that nature affords in sunshine, air, growth of abundant flowers, shrubs, trees and the arguments of economy which may be practiced by raising one's own table supplies of fruits, vegetables and fowl."

"There is the individual appeal to each member of the family. The man who has a home is a desire in the heart of every man and woman. The wish may be gratified in the suburbs while it might seem impossible of achievement in the city, where the price of the lot itself is so high."

"The city is the place for business, for making things, for exchange and barter, for congregating in numbers to execute the active plans of the day. The suburbs are the rest places, where freedom from business cares enables the bread-winner to recover from his exertion and regain his physical and mental strength for the next day."

MUST HAVE IMAGINATION.

"The advertiser must recount all the advantages to be obtained from life in the suburbs. He must study what these advantages are before he can tell about them. It is true that the advertiser is a verisimilitude man, but he must have imagination. What a fine opportunity for his play here! He may take his prospective buyer from the place of business, tired, worn with the rush of affairs in the city, to a quiet office, store or workshop, and carry him quickly out to the suburb, where the fragrance of flowers, trees and shrubs and the tranquility of nerves, tired eyes and body."

"When arrived he must be met with pictures of contentment created by the pride of possession, his own vine and fig tree, his home, surrounded by a cheerful aspect. First the man who writes the copy must see it, and feel it, then he must carry his prospect through all the stages: attention, interest, desire, action."

"You have a wide stretch for the advertiser's endeavor in attention-getting sketches, first to show location; always important in real-estate advertising; to show contiguous territory and improvements; to show lines of approach by land or water; to show transportation facilities; to show the proximity to school, church, places of amusement, business or shopping centers; approximate distances to some of the most used as an argument to prove that really values will enhance because of it, as marine view, for instance."

"All will recall the feature played up so strongly, at Richmond, the Pullman shops; when, though the Pullman shops do not so state, the employees work twelve hours every day in the year for the munificent sum of ten, to twelve and one-half cents an hour."

"The Los Angeles style tends very largely to picture; often three-fourths of the space is occupied by very little drawings, accompanied by very little description or argument."

"In the experience of the writer, a good picture to attract attention and illustrate a point, with full and complete reason why argument is the most effective in making sales."

"You have no end of good points to use in convincing argument of the property is well located, properly improved and there is convenient transportation."

WOMEN THE BUYERS.

"Women are said to do ninety per cent of the buying."

"Women are largely your audience when advertising suburban property. Of course, that would not be so much the case when the argument is devoted to the investment feature."

"But, when you are advertising attractive home sites in a suburb, what advantage you get out of that part of the human instrument called the heart-strings. The mother-love. The children. The sunshine. The out-of-door life. The better health. The play-farm. The flat-dweller's play-farm. The freedom, elbow room, sunlight. You do not need to debate your story with tales of loving kind and beating lambkins; but use common sense argument about the high cost of living, which means materially reduced wages for the man healthful exercise, besides furnishing endless pleasure and instructive lessons for the children about how things are grown."

"An objection may also be used as an object lesson for an argument in domestic economy. The chickens with the abundant supply of fresh eggs (which usually falls just before the prices begin to rise) and with collars which fasten clear to the throat or which can be worn opened as desired. These coats are worth fully \$5.50. We are featuring them strongly this season at the special price of \$3."

"Then you have the investment arguments. There you appeal to cold reason. You must use logic and care not to over-state for the prospect is now thinking and your statements must be built on a firm foundation."

"You will find in Scribner's Magazine for July of this year a series of articles on 'The New Suburb.' They illustrate and describe the English garden cities and far ahead of similar undertakings here."

"There can be no definite rules laid down for the advertising of suburban properties, because of their variety. Given a suburb near a big city, adjacent to a manufacturing district, your appeal is directed to the mechanic, who will want a home near his place of employment. At the same time the man who would not wish to live there can be encouraged to purchase a home which will follow the building of homes by those who must live near their work."

"The congested, unhealthy city street may be very unfavorably compared with the broad avenues of the new suburb. The clean paving and the argument to sell. In such an argument the advertiser may take a just pride, for the more folks he encourages to own homes the better good he is doing for humanity and the better the city will be."

"There must be proper timing for the preparation of copy and the selection of property just as there must be for the advertising of shoes, or goods of any commodity."

MUST KNOW HIS PROPERTY.

The first thing the advertiser should know is the property and study it from every

point of view, getting his own ideas, forming his own opinion as to the character of the location, the surrounding, what makes for a pleasant residence district or greater business opportunities.

"He should not see all these things through the eyes of the prospect who is very likely to be prejudiced in favor of his particular property and not be able to view it calmly and fairly."

"Real estate promoters have been known to exaggerate. The advertising man must not do this. He must tell the plain truth and that is all that is good enough in any advertisement. It is not to do it, if the property is not worth the truth, it is to be lied about to sell. Then do not take the bait. No one can benefit by exaggerating real estate values."

"Take, for instance, the experience of those promoters down the Half Moon Bay district. For 40 miles below San Francisco along the Pacific Ocean there are little stretches of stone sidewalks and little white posts standing like gravestones in a desolate cemetery, indicating where a few years ago there were so-called towns laid out and where the advertisers had lied and lied, and where they took the people's money and gave them nothing in return and where in almost every instance the promoters of themselves had broke. They surely killed the goose that laid the golden egg. They robbed their own cash tills. They boasted and lied and misrepresented and sold little 25-foot lots away down there in the country beyond the reach of everything for as high as \$3000 a lot, and so did they benefit? Point to one of them who has made a single dollar, or has it now?"

"The antithesis of this may be found in the San Mateo properties, marketed by one of the stable concerns in San Francisco, where no lot is less than 50 feet frontage, nor less than 150 to 250 deep, and where in one district in particular no lot has less than 100 feet frontage nor a depth of less than 300 feet, and where the improvements consisted of real cypress and a red water plant and splendid trees and ciled roads and other permanent betterments. No man who bought property in these last districts ever lost a dollar and the advertiser did not need to lie. He just used his imagination and looked forward to a future a few years and saw what would come of it and he did not over-state the final result by a single word."

"One of the strongest means to use in advertising real estate is comparison. Take your prospect into a narrow dark ill-smelling flat and put a picture for him that he knows is true and that he does not like to hear and then transport him to your suburban home site, where there is sunshine and air on all four sides of his cottage, where the sweet smelling flowers and shrubs entice him out of doors; where home life is agreeable, where he can come into contact with the electricity of the soil, where his children may grow sturdy, strong and healthy; where he may live in closer contact with nature, as man was intended to do."

"The advertiser can do these things, and when he does he has accomplished more than merely getting attention; he has convinced his prospect and led him out and into action."

Johnson's address was followed by an account of advertising experiences as employed by L. D. Bruckart, assistant manager of the Oakland Orpheum. R. C. Those present included: L. D. Bruckart, Wm. D. Simonds Jr., Samuel P. Johnson, Fred E. Reed, O. R. Morgan, A. Friedman, Ed. Curtis, A. F. Lee, J. B. Bridges, L. A. Lafler, Edgar A. Jones, Chas. L. Smith, H. C. Caywood, Warren S. Jones, Emil Filtch, R. J. Bidwell, O. R. Morse, J. Tynan, Fred L. Hall, W. W. Cribbins, J. A. Loughlin, J. A. Augustus, John C. Leonard, Fisher, C. M. Strader, N. T. Burroughs, H. W. Wheatley, H. W. McLean, W. F. D. Brown, Irving Jones.

NOTED EXPERT TO
GIVE TESTIMONY

Engaged by the City of Oakland to give expert testimony in the famous water rates case against the Contra Costa Water company, William Mulholland who built the Los Angeles aqueduct and is one of the most noted engineers in America, is here investigating the properties of the People's Water company.

In company with J. H. Dockweiler, consulting engineer for the City of Oakland, Mulholland today visited the Temescal properties. He will develop the next few weeks to an exhaustive study of the properties of the People's water company, taking up each portion of the plant in turn as he goes, and is ready to submit to the city his expert opinion.

The Contra Costa Water Rates case dates back to the year 1903, 1904, 1905, when the water company obtained three successive injunctions against the city to prevent the city from collecting a lower rate of water. The company continued collecting under its old schedule until the famous Titus-Pendleton agreement was made between the city and the People's Water company, which succeeded in getting the Contra Costa rate fixed by the court in 1907 did not allow the city to collect a lower rate. The new agreement was designed to prevent any new litigation but left the question of rates during the three years mentioned a matter to be determined by the Federal circuit court.

For the past two years and a half, the attorneys of the People's Water company have been presenting the company's view of the case, contending that the rate fixed by the court in 1907 did not afford them an adequate return on the money invested.

The City of Oakland will begin the presentation of its evidence October 21, when Engineer Dockweiler will take the stand to testify as to the actual value of the water company's plant. Dockweiler will be followed by Mulholland, latter engineer for the Contra Costa Water company, and George T. Prince, chief engineer in the construction of the big dam of the Imperial water works.

Mulholland's testimony is expected to be of considerable weight as he is considered to be the real authority in America on detailed cost of construction and maintenance. The city expects to conclude its case by next June and to obtain a verdict in favor of the city.

The amount involved in the case has been estimated at \$1,000,000. The city will have to pay back with interest to the company the amount of the rate fixed by the court in 1907 and to the city of Oakland a sum of \$1,000,000. The city is now in a position to pay back the \$1,000,000 and to the city of Oakland a sum of \$1,000,000.

The city is now in a position to pay back the \$1,000,000 and to the city of Oakland a sum of \$1,000,000.

Men's Dress Hats

Silk Hats and Opera Hats from Christys', London and also Tuxedo Hats and Derbies, are features in hats especially designed for dress wear.

WASHINGTON AND 13TH OAKLAND

COST OF LIVING WAS HIGH, TOO

Mrs. Josephine Brown Says Spouse Hurts Chops at Her Head.

In spite of the alleged high cost of living, William T. Brown was careless of the manner in which he used mutton chops, although he is said to have pawned his wife's diamond ring in order to purchase them and other things, the latter particularly, when he stayed out late nights.

One evening, when he returned home to dinner, says Josephine Brown in her complaint for divorce, he buried a plateful of chops at her head. In addition to that, he choked her, she said. Now she wants alimony, so that she can buy her own mutton chops and support herself independent of her husband.

With eggs selling at 6 cents each, and sometimes more, Mrs. Leland owned a particular what his wife did with them, and when she accidentally dropped one on the floor one day, she says in her complaint for divorce, that her husband kicked her severely. Then on another occasion, testifies Elva Leland, who is now living in San Leandro, he choked her on the streets in San Leandro, and finally refused to buy eggs or any thing else for her sustenance.

Trouble commenced two days after their marriage, read the complaint, when Leland became jealous of her attendance at lodge. Old acquaintances of hers were also present under the ban, and as a result, Leland now wants the court to fix things so she can be her own boss again.

Desertion on the part of her husband is the reason given by Mrs. Leland Marion in asking for separate maintenance from Paul Marion. The order has been made by the courts. She gets \$50 per month permanently.

William H. Carr has asked for a divorce

MRS. IDA WRIGHT NEAR COLLAPSE

Mysterious Woman Burglar Held to Answer; Shows Signs of Illness.

Mrs. Ida Wright, the mysterious woman burglar captured by the Oakland police several weeks ago, was held to answer this morning before Judge George Samuels on bail of \$2000 on a charge of burglary preferred by Mrs. M. J. Duffy, 555 Sixteenth street. Another felony charge is pending against Mrs. Wright.

Mrs. Wright was apparently suffering from her life in prison, or from nervous strain from being subjected to the preliminary examination, she had been called to testify against her.

Mrs. M. J. Duffy testified that Mrs. Wright had entered her home and had started a search for a purse containing \$25. When discovered, she had returned the purse. Mrs. H. T. Long and Mrs. Barker Ashley identified Mrs. Wright as the woman they had seen in Mrs. Duffy's home. Inspector St. Clair Hodgkins testified concerning conversations with the defendant.

Mrs. Wright apparently paid no attention to the hearing, but asked for a transcript of testimony at the close. She refused to testify in her own behalf.

From Fannie D. Carr, alleging that she was of unsound mind when she married him, and that she has failed to recover.

SAW STARS, NOT 'SIGHTS', IN DARK

Joseph Murray, on Tour of
City, Attacked by
Robbers.

Joseph Murray, 505 Clay street, although he had lived in Oakland for some time, was willing to see Oakland's Chinatown and gladly joined two men he met on Broadway about two o'clock this morning for a little trip through the celestial quarter. The party proceeded to Third and Franklin streets, where one of the men suddenly attacked him, striking him over the head, while the other attempted to rob him.

Murray shouted for assistance, and defended himself, warding off several blows. Special Officer Hill, who was in the vicinity, ran to the scene and the two would-be bandits ran away, escaping in the darkness. They had not succeeded in obtaining anything.

Joe Ceretti, Charlie Santolite and Lou Louise of 382 Filbert street, three small sellers of gum, were attacked last evening by a boy whom they believe is an escapee from the Boys and Girls Aid Society of San Francisco, and robbed of money and 17 packages of gum. The young thief obtained \$125 in coin from the boys and made his escape.

Tom Carroll, East Twenty-seventh street and Fruitvale avenue, reported the theft of a shotgun, punching bag and other articles valued at \$180 from his place.

E. G. Martin, 4526 East Fourteenth street, reported that burglars had broken into his place by forcing the front door during the night and had stolen cigars valued at \$5.

Adolph Johnson, 1778 Seventh street, reported the theft of a suitcase valued at \$9.50 from his room.

IT DOES THE WORK 60 YEARS THE LEADER

BE GUIDED BY OUR EXPERIENCE

For thirty-five years have we been constantly studying the wants and needs of the piano-buying public. Beginning in the smallest way, our business has grown steadily, consistently, until it covers the entire coast with a chain of branch stores and agencies that places our goods within the reach of every household in the west.

Thirty-five years of piano buying and selling has given us an infallible knowledge of piano construction and piano values; has taught us what Pianos are the best possible at their price, and has enabled us to offer better Pianos at their respective prices than are possible elsewhere.

To every intending buyer we extend the benefits of our knowledge and our experience, guaranteeing that the instrument selected will give the fullest measure of satisfaction. Whether it be the cheapest piano on our floors or the highest-priced, the buyer receives the same consideration, the same courtesy.

By examining our stock, learning the prices of dependable Pianos from a dependable house, you will be better able to judge the quality of the offerings of other stores. Safeguard your own interest by making comparisons. Easy payments.

DENIES SHE HAS NAGGING NATURE

Mrs. May McMahon Declares
Husband's Charge Is
Wrong.

May McMahon, who is being sued by Philip R. McMahon for divorce, today filed an answer and cross-complaint in which she denies that she has a "nagging or violent disposition" or in fact any of the alleged delinquencies charged against her by her husband.

Cross-complaint declares that she did not object to her husband's friends calling at their home, she says that she did not refuse to sleep in the same room with plaintiff and denies that he was the one to be credited with building their home.

On the other hand Mrs. McMahon declares that her husband was guilty of cruelty to her in that while she was sick on one occasion he refused to call a physician, declaring "she can wait until morning, all she wants is a little sympathy."

When the doctor was finally summoned, it is further alleged, that McMahon refused to go out at night and get the medicine he had ordered, telling her that she "could wait until morning."

Helena B. Nece was granted a final decree of divorce today from George F. Nece.

MELROSE POLICE HOLD JOLLY-UP

Department Celebrates the
Completion of New
Quarters.

MELROSE, Oct. 8.—Members of the Melrose police department gathered in Patterson Hall last night to celebrate the establishment of the substation in new quarters at East Fourteenth street and Fifty-fourth avenue. Sergeant William McCloud was toastmaster and Chauffeur E. J. Coffman was master of ceremonies.

Among those who spoke at the banquet table were Captain Thorwald Brown, Lieutenant William Woods, Sergeant W. R. Brackett, Chauffeur George Caveney.

During the progress of the dinner a telephone message was received from Mayor Frank K. Mott congratulating Captain Brown on the efficiency of the Melrose squad on behalf of the board of commissioners.

Music was furnished by the Hague vocal quartet consisting of Bert McCloud, Roy Roake, Victor Wells and Edgar Tucker. Harry Doolittle was the accompanist. In addressing the banquet Captain Brown spoke of the efficiency of the department and thanked the men for what they had done in the past, urging them to further achievements. A vote of thanks was unanimously extended to the quartet for their participation in the affair.

BREAKS ARM IN PARK.

ALAMEDA, Oct. 8.—Stanton Thomas, a 12-year-old Fruitvale boy, fell from one of the slides in Lincoln park Sunday afternoon and fractured his left arm.

WOULD-BE SUICIDE BATTLES FOR LIFE

Anne Bohlin Still Unconscious
Despite Transfusion of
Blood.

SAN FRANCISCO, Oct. 8.—As if in answer to the plea for a sign of recognition from the wide-open eyes of the sleeping Anne Bohlin, tears rolled down the cheeks of the seemingly unconscious girl as her one close friend, Bessie Fuller, talked with her in her room in the Lane hospital yesterday. Then the wells of emotion suddenly stopped, leaving the wide eyes staring as before.

In her own house and under the care of her father, the late Dr. G. W. Fuller, Miss Fuller saw the gradual snuffing out of the life of Elida Wilbur, whose 18-months' sleep ended in death. And in the presence of her quiet friend occurs the thought of that other girl who was finally successful in her attempt to close the last chapter of her story of unrequited love.

In spite of the belief of Dr. Weeks, chief surgeon at the Central Emergency hospital, that a transfusion of blood of the bartender, Oswald Schoritz, has counteracted the gas poisoning by which Anne Bohlin attempted to take her life over the love of Leslie Horn, Miss Fuller is not encouraged by the appearance of the girl. Drawing an analogy from the case of Elida Wilbur, she does not feel with the doctors that the improved respiration and lower temperature are forerunners of Anne Bohlin's awakening.

"If she were conscious," said Miss Fuller, "she would turn her eyes and look at me when I talk to her and beg her to. But they are always the same. No matter what you say they stare straight ahead with that awful, appealing look."

PLEADS WITH HER.

"Yesterday I said to her, 'Anne, dear, do get better, please; show that you know me, so that I can talk to you; I have said you say you love me when you get well.' Tears rolled down her face. I couldn't bear to see her lying there like that, and I said, 'Oh, Anne, Anne, don't. And she stopped. That was the only encouragement I have had. After that her face was blank."

"The fact that the doctors say she smiles doesn't impress me at all. It's their look in her eyes, that's all wrong."

Miss Fuller is overwrought over the condition of her friend, whom she believes she could have saved had she allowed her to share her room in the Crescent apartments. Miss Fuller contends that it was loneliness as much as unrequited love that drove Anne Bohlin to attempt her life.

"She needed occupation," said Miss Fuller. "She was so free. While she was so comfortable, she was away from relatives and lonely, and while she roomed with a friend she was a sensitive girl and not given to confidence in many people. She thought once of taking up the study of the piano, but feared she had not sufficient foundation to take it seriously and I tried to find her a position in a doctor's office. She came up to see me the very day of the 27th and she said, 'I had found a room for her where I lived, and when I told her no, she seemed very disappointed.'"

"I cannot help feeling that that was the turning point, although she had never mentioned doing away with her life, and had I had an inkling of what was going on in her mind I would have made room for her with me somehow."

NATIVE DAUGHTERS TO HOLD REUNION

Congressman Knowland and
Three Mayors to Be
Honored Guests.

The Native Daughters of Alameda county will hold their reunion banquet this evening at Scott's Rite Cathedral, at which Congressman Joseph R. Knowland and the mayors of three cities will be the guests of honor. The latter will include Mayor Frank K. Mott of Oakland, Mayor J. Stitt Wilson of Berkeley and Mayor H. H. May of Alameda. Mayor Mott will talk on "The City Beautiful," Mayor Wilson on "Our New Citizens," and Mayor May will extol "Greetings From Our City." The meeting will be one of the largest women's affairs ever given in this city.

Mrs. Olive Buford Matlock, the State president of the organization, will be present, and will talk on "Our Order." Dr. Victoria A. Derrick will deliver the address of welcome; Mrs. Emma W. Hill, past grand president, who is at present the secretary of the Central Agency for Homeless Children of the Order, situated in San Francisco, will discuss the topic, "Our Children." Dr. Marjorie DeWitt, president of the Anti-Tuberculosis Society of San Francisco, will talk on "Dangers of Tuberculosis," and Miss Beatrice McCall of the probation office on "Our Girls."

Congressman Knowland, who is past grand president of the Native Sons and the chairman of the State landmarks committee, will talk on "Landmarks." Miss Beale Wood of Piedmont Park, who is also the president of the Child's Welfare League of Alameda county, will preside and introduce the speakers.

The parlors to be represented include Piedmont, Alameda, Fruitvale, Alhambra, Enchanted Alameda, Berkeley, Bahia Vista, Hayward and Bear Flag. These parlors have a membership of 800 women, and it is estimated that at least 700 of these will be present at the banquet.

TURRET CAPTAIN AMONG THE DEAD

names of sailors and marines killed and wounded in the fight at Leon were reported to the Navy Department today by Rear Admiral Rutherford as follows:

TURRET CAPTAIN MORGAN of the cruiser Colorado.

ORDINARY SEAMAN HURGENS of the Colorado.

PRIVATE BARTEL, Company D, Marine Corps.

W. and J. R. WILSON, seaman, cruiser Colorado, seriously.

ORDINARY SEAMAN TAMPER of the Colorado, seriously.

TRUCKER DALLIN, Company D, seriously, slightly.

ADDED INSULT TO INJURY, SHE SAYS

Mrs. Battelle Declares Spouse
Allowed Her to Feast on
Words.

Testifying that when she had been without food for 24 hours her husband had called her up from San Francisco over the long-distance telephone and had told her in detail the menu of a French dinner to which he was about to sit down with her, Mrs. Evelyn Mitchell Battelle, the girl bride of Charles Battelle, took the stand this morning before Judge McIntire Smith to prove her charge that he had refused to provide for her support. But she, who claims to be the heir of \$350,000, smiled during the recital of her wife's troubles, occasionally shaking his head in denial of some of the statements.

Mrs. Battelle who is under the care of her sister, Mrs. Stella M. Hansen, and her brother, Edwin Mitchell, caused the arrest of her husband a week ago. Battelle stated at the time that the arrest had been instigated by Miss Stella Hansen out of jealousy because he declared, he had jilted her in favor of her younger sister. He stated that he had never refused to support his wife.

Mrs. Battelle told a pitiful story of her life with the alleged heir to fortune. They were married May 30 of this year, and since that time Battelle worked a total of six weeks three weeks in a French packing house forcing his wife to work with him and three weeks as a ticket agent in Oakland. During this time Battelle and his wife lived from lodging house to lodging house, leaving bills unpaid.

"One day last week I had nothing to sustain me for two days but a glass of milk, and I had no money," said Mrs. Battelle. "My husband was in San Francisco. He called me up on the telephone and gave me a glowing account of a French dinner he was about to eat with friends."

"He told me he would not support me. There were two San Francisco police officers present in San Francisco when he said he would not support me, and one of them said that if he had his way he would give my husband a good beating."

The case was continued by Judge Smith to have the two San Francisco policemen brought to Oakland to corroborate Mrs. Battelle's testimony.

REITER ANNOUNCES VARIOUS HEADS

New Appointees Have Had
Much Experience; Harder
Is Chief Clerk.

Three new department heads for the new Hotel Oakland were announced today by Manager Victor Reiter. The new appointees are Antonio Harder, former chief clerk at the Fairmont Hotel, to fill a similar position here, Emery La Valle in charge of storerooms and receiver of goods, and Mrs. June Amos to be housekeeper. The new additions to the staff of what is expected to be one of the most palatial hotels in the entire West are all well known in the hotel world and have reputations that ensure the highest standard of service.

Antonio Harder, the new chief clerk, is the son of Jules Harder, one of the most famous chefs in America. The older Harder came from Paris to open the Palace Hotel in San Francisco. In the early evening Reiter is expected to be at the Fairmont Hotel, Antonio Harder was for thirteen years chief clerk at the Del Monte Hotel, and prior to that conducted the Hotel Lyndon at Los Gatos. He will enter upon his new duties tomorrow.

Emery La Valle, the new chief steward, has been a resident of San Francisco for forty years and was for two decades the steward and buyer for the Lick House. He also filled similar positions at Del Monte and the Hotel Sutter.

Mrs. June Amos, who will be housekeeper, is one of the famous hotel women in America. She opened the big Hotel Utah and the Hotel Club and in 1902 Lake City several years ago and achieved success. She began her career with Dean Brothers at the Hotel Metropole in St. Joseph, Mo., and was afterwards housekeeper for the Piedmont Hotel in Georgia.

Reiter is now turning his attention to the opening dinner in the new hotel, which has been set for the middle of December. Reservations have been limited to parties of eight and the charge has been fixed at five dollars a plate. Representative men of California, including state officials and many people of national renown will be present. The exact date for the opening dinner will be announced within a few weeks.

U. S. ARMY MEN TO WATCH BALKANS WAR

WASHINGTON, Oct. 8.—That the War Department believes war is certain to occur in the Balkans was shown yesterday when the War Department considered the names of officers who already have applied for permission to accompany the Turkish and Balkan states forces as military observers. It was stated that at least two officers would be detailed to accompany each army of the different powers.

AXMINSTER RUGS, firmly woven, with deep pile; rich, strong shades; size 9x12. Price \$17.50.

BLAME BOARD FOR TEXT BOOK FAMINE

Local Educators Criticize the
State Committee for Fatal
Procrastination.

Local book dealers have received post cards from State Superintendent of Public Instruction Edward Hyatt giving a list of the school books which the state has failed to print and giving the dates that the books will finally be completed.

These post cards show that the text book famine will hardly be abated before the first week in December and that thousands of school children throughout the state will not be able to secure the books they need until that time. According to Hyatt's cards there is a shortage in ten text books and these will be printed from dates varying until November 25, when relief may be expected.

The text book shortage has been in existence in this state for the past two months. Blame for the condition is passed by local educators squarely up to the state text book committee, composed of Governor Johnson, Edward Hyatt and Frederick Burk, president of the San Francisco Normal school and also president of the text book committee.

It is generally conceded that had State Printer Richardson been granted the authorization to begin the necessary printing last May, as he suggested, there would have been no text book famine. The committee procrastinated until the state printer had his hands full with election matters. Local educators say they do not even know yet just what text books have been adopted and apparently the text book committee is not sure whether it has adopted the new state language books.

Children Cry for Fletcher's

CASTORIA

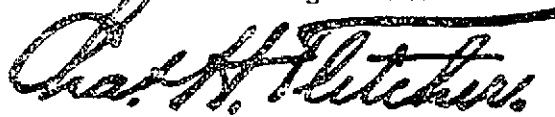

The Kind You Have Always Bought has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, imitations and "just-as-good" are the enemies of the health of children—Experience means knowledge.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other Narcotic substance. It cures Colic, Wind, Flatulence, Bloating, Stomach Troubles, Diarrhoea, Indigestion, and all other ailments of Infants and Children. It regulates the Stomach and Bowels, soothes the Throat, cures the Cough and cures the Sleep. The Children's Panacea—The Mother's Friend.

THRONE-SEEKERS
WORK WITH VIMMISS VIRGINIA MAUTINO
—Tosco photo

The friends and supporters of Miss Virginia Mautino and Miss Rosa Azima the candidates for the honor of ruling as Queen Isabella of Spain over the big Columbus day celebration, which will be given next Saturday afternoon and evening on the shores of Lake Merritt are working hard for their interests and the campaign promises to be the liveliest ever held in Oakland. The two candidates are students of the Oakland high school, pretty and accomplished musicians and ever sunny and cheerful. Entered the contest there has been a scramble to roll up a big vote for them.

The contest will close at Friday noon and a meeting of the queen committee, announced for that day that about 3000 votes had already been cast, closely divided between the two candidates. The call for tickets is very heavy. They can be secured from Mrs. C. G. Chiglieri at the Italian Popular Bank, Hugh Hogan, Leo J. McCarthy, T. I. Casey and other members of the general and queen committees.

The general committee was informed at a meeting last night that at the railroad coming into Oakland would make the rate a fare and a third and many thousands of out-of-town visitors are expected. Because of the unusual excellence of the varied program it is estimated that between 75,000 and 100,000 persons will witness the festival.

"NIGHT IN VENICE"

It was arranged at a meeting last night that the feature of the night program would be a baccolata, or "Night in Venice." Fire works and music on a lighted float anchored near the Twelfth street dam, will be among the features. The water craft will be decorated and it is planned to string lights about the shore. This will be a fitting climax to the celebration, which will open at 1 o'clock in the afternoon with the rediscovery of America by Columbus and his men in the three caravels, the Santa Maria, the Nina and the Pinta.

T. R. MAY BECOME
MUNSEY EDITOR

Newspaper Owner Willing to
Pay Him \$50,000
a Year.

NEW YORK, Oct. 8.—A report was published yesterday afternoon that Frank A. Munsey and Colonel Theodore Roosevelt had come to an arrangement whereby, in the event of the Colonel not being elected to the Presidency next month, he would become editor of the New York Press, the latest acquired of Munsey's string of publications.

A report was also current that the Bull Moose candidate would receive a salary of \$50,000 for editing the Press, as against \$25,000 which he is said to receive as contributing editor to "The Outlook." Also the story has it that the Press really was owned by George W. Perkins and Oscar Straus, who were merely using Munsey's name.

When Munsey was asked about this report he dictated the following reply: "What you say to me about the rumor that Mr. Roosevelt is to become editor of the New York Press after November 8 is the first intimation I have had of the subject. I never discussed this idea with Mr. Roosevelt. Neither has it ever been discussed or thought of by anybody to my knowledge. It goes without saying that if Colonel Roosevelt is not elected President, nothing would please me so much as to secure a man of his ability for any one of my newspapers. I do not mind saying in this connection that the salary that has already been fixed upon in Park Row—\$50,000 a year—would stand in the way. Indeed, I think I could make money in my publication of \$100,000 a year. I am sorry to disappoint Park Row in being called to say that George W. Perkins and Oscar Straus had nothing to do with the purchase of the New York Press."

DRINK PATIENTS IGNORED
A patient committed to the state hospital at Park Row, who escaped from the institution, is now being sought by the police. The patient is a man named Riley, who was committed to the hospital because he would not admit to being an escaped patient.

\$200,000 THEFT
TRACED TO CUBA

Official May Have Stolen
Package From Postoffice
at Havana.

HAVANA, Oct. 7.—(By wire.)—\$200,000 from the National Bank of Cuba, which was mailed to the Park National Bank in New York, was stolen near one of the listed \$10,000 bills has been found. It now seems certain that the money was stolen either at the National Bank of Cuba or in the Havana postoffice.

Don Wampler, acting president of the National Bank of Cuba, says that he is absolutely certain that the money was stolen in a registered letter. He said that the letter was sent to the National Bank of Cuba in Havana, and that it was stolen either at the National Bank of Cuba or in the Havana postoffice.

The letter containing the money was duly sealed and the keeper of the vault gave it to one of the bank's messengers, who was trusted in every way by the bank officials having handled millions of dollars during his many years as messenger. He took the letter to the Postoffice, and the messenger was later found in the possession of the money. The letter was traced to the Park National Bank of the dispatch of the registered letter containing \$200,000.

A hearing from the Park National Bank in New York, which was held on Oct. 6, following this message, the Park bank replied October 5 that the registered letter containing only a bulletin on sugar statistics.

It was learned yesterday that the Royal Bank of Canada of this city notified the National Bank of Cuba that it found one of the missing \$10,000 bills among \$120,000 which the National bank paid to the Royal Bank on the afternoon of October 4. As the money was supposed to contain \$200,000, reached New York on October 1st, none of that money could return to Havana or be deposited by the National Bank in the Royal Bank, hence the money was stolen here either in the National Bank or in the Havana postoffice.

The Cuban Government during the last year has made several big deposits with the National Bank, and the National bank during the last few days has returned to the United States Postoffice sums aggregating \$1,158,000.

UNITED STATES TO
SELL 100 CANNONS

Guns and Mounts of Obsolete Pattern to Be Disposed of.

WASHINGTON, Oct. 8.—More than one hundred six-inch and eight-inch guns and mounts of obsolete pattern now stored in seven government yards are soon to be offered for sale by the navy ordnance bureau.

STANFORD CHOOSES
DEBATERS AT TRYOUT

STANFORD UNIVERSITY, Oct. 8.—A. F. Coyle of San Jose, A. H. Morosco of Long Beach and P. D. Novell of Tulare have been selected to uphold the Cardinal debating honors in the contest scheduled for November at the University of California. This trio of debaters was chosen from a group of ten after tryouts lasting three hours on the subject, "Resolved, That the State of California should establish a series of non-partisan, endowed general newspapers," which will be discussed by the rival universities in November. Stanford will support the negative side of this resolution.

The judges who decided on the men best fitted to represent Stanford were Professor E. B. Krehbiel of the history department, Professor A. M. Cathcart of the law department and Assistant Professor E. E. Robinson of the history department.

SAVED FROM
AN OPERATION

How Mrs. Reed of Peoria, Ill., Escaped The Surgeon's Knife.

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's Vegetable Compound has done for me. For twenty years I suffered. The doctor said I had a tumor and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a well and healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. I am glad to tell anyone what your medicines have done for me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 106 Mound St., Peoria, Ill.

Jessup, Pa.—"After the birth of my fourth child, I had severe organic inflammation. I would have such terrible pains that it did not seem as though I could stand it. This kept up for three long months, until two doctors decided that an operation was needed. Then one of my friends recommended Lydia E. Pinkham's Vegetable Compound, and after taking it for two months I was a well woman."—Mrs. JOSEPH A. LYNN, Jessup, Pa.

ALONE IN CABIN

Body to Remain Where Found
Until Investigation Next
Spring.

DAWSON, Y. T., Oct. 8.—Reports were received here today that the body of E. E. Collins, a trapper from Stratton, Colorado, has been found in a cabin near McMillan river. Apparently he died last February, while alone, probably of appendicitis. The body was left in the cabin pending a police investigation, which may not take place until spring owing to the lateness of the season.

OLD ADOBE RANCH IS SOLD.
PETALUMA, Oct. 8.—One of the largest sales of land in many days was made yesterday when H. S. Schluckebier and the Gwynn Company purchased from the Bliss estate the ranch known as the old Adobe place. The Bliss estate recently gave a portion of the ranch, which contained the old Adobe park and the old home of General Vallejo, to Petaluma. Parlor, Native Sons of the Golden West, who are preserving the historic structure. The big tract will be subdivided.

This Will Stop Your
Cough in a Hurry

This recipe makes a pint of better cough syrup than you could buy ready made. It is the most efficacious cough syrup ever whooping cough quickly. Simmer it in a double boiler, which is better than any other remedy can be had in any price.

Put one pint of granulated sugar with a pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. It is a wonderful family one, two or three hours.

You can feel this take hold of a cough in a way that makes business. The good taste and odor, braces up the appetite, and is slightly laxative, too, which is just what is needed for hoarseness, cold, croup, bronchitis, asthma and all lung and throat troubles.

White Cross
Painkiller, Cough Syrup, etc.
SANTA ROSA, Oct. 8.—Mrs. Myrtle Miller, aged about 26, has cured her husband, Ernest W. Miller, 46 years her senior, for the cure of a long standing case of his two minor children. Miller is a traveling salesman and his wife says that he earns over \$200 per month. Judge Denay says the mother and father of the children for a week and a half. Miller was cured by the White Cross.

COULD ON WAY
TO THIS COAST

Edwin to Become Director
and Then Head of Western
Pacific.

SAN FRANCISCO, Oct. 8.—Edwin Gould, a younger brother of George J. Gould, is to be a guest at Del Monte and then at the Palace in a few days with a party of friends, they having passed El Paso yesterday in his private car.

Edwin Gould is, it is understood, to become a director and then president of the Western Pacific at its annual meeting in this city on October 22, at the request of his oldest brother, George J. Gould. If he is elected the Western Pacific would then have three Goulds on its board, Edwin, George and the latter's oldest son, Kingston.

From present reports all three will attend the annual meeting in this city. By that time Charles H. Schluckebier, first vice-president and a director, will be home from Europe and his future with the property, together with that of President E. T. Jeffrey, will be finally determined.

It is generally believed, owing to his ability and the way he has been handling the property as a new line handicapped from a lack of feeders, that Schluckebier will be retained as first vice-president and a director, and given increased powers.

Edwin Gould is reported to be succeeding Jeffrey as president in order to allow the latter to devote more time to a general executor of the Gould family in New York.

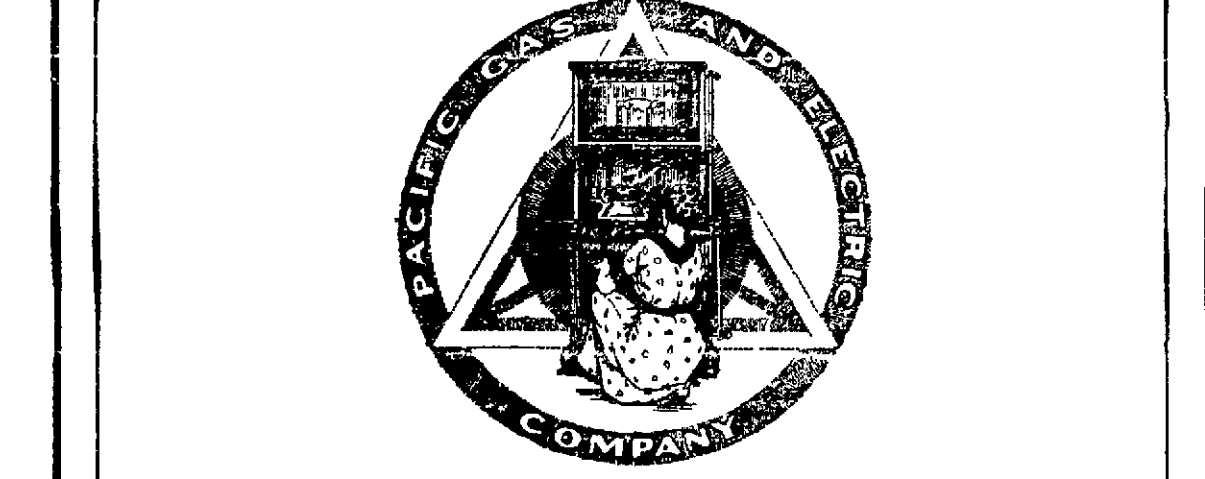

CHAIRMAN OF BOARD.
Edwin Gould is now chairman of the board of directors of the St. Louis Southwestern railroad, a Gould line. He is a director in the St. Louis, Iron Mountain & Southern and other Gould properties. George Gould has his hands full as chairman of the board of the Missouri Pacific. His son and another brother, Howard, are directors of that company. The son is also a vice-president.

In two months a family is said to think to make young Kingston Gould a railroad president. Frank Gould, the fourth brother who married Edith Kelly, the English actress, gives no time to railroad matters. For these reasons, it is believed, George Gould picked out his brother Edwin to be the new and second president of the Western Pacific.

When the deal is arranged, Edwin Gould will come to the coast at least twice a year.

SETS FOR HER CHILDREN.
SANTA ROSA, Oct. 8.—Mrs. Myrtle Miller, aged about 26, has cured her husband, Ernest W. Miller, 46 years her senior, for the cure of a long standing case of his two minor children. Miller is a traveling salesman and his wife says that he earns over \$200 per month. Judge Denay says the mother and father of the children for a week and a half. Miller was cured by the White Cross.

TREATMENT

The Hasty Meal

Did you ever stop to consider how convenient "Pacific Service" is when you "wake up late" of a morning and have about ten minutes in which to get "his" breakfast.

Likewise when you've been shopping in the afternoon and have to hustle to have dinner "on time?" And whether you're preparing the meal in kimono or shopping attire there's no dirt connected with the work.

Cooking with gas is quick, clean, efficient. It does away with kitchen drudgery and makes cooking a joy and pleasure. Experience has proven that it is very economical.

The equipment of a home isn't complete without "Pacific Service."

Let us explain the comforts and conveniences enjoyed by its use.

"Pacific Service" is "Perfect Service."

ELECTRICAL MEN MAY
MEET IN SAN FRANCISCO

CHICAGO, Oct. 8.—The American Electric Railway Association, whose officers will meet in San Francisco, is holding its annual convention in Chicago this week, where a great exhibition of railway material, appliances and equipment is shown in connection with the convention's campaign of education. The convention is held in the huge building known as the International Amphitheater, adjoining the Union Stock Yards. Five hundred persons have registered to attend.

SIMMER CONTRIBUTES
TO CONSCIENCE FUND

CHICAGO, Oct. 8.—Thirty dollars was received by the city of Chicago yesterday and signed "A Simmer Saved a Grace." The writer explained that while doing vaccination work for the city health department he occasionally sent a few names that he should not. He said his conscience bothered him and for that reason he was turning the money over to the city.

YOUNG AMERICAN IS
MURDERED BY JAPANESE

SEATTLE, Oct. 8.—The bark Harvester from Alaska today reported the death of a young American, a son of a family of the city, who was working in the cannery and quarrelled with the Japanese who without warning plunged a sword through his body. The foreman was arrested.

EXCURSION TICKETS TO
SALT LAKE CITY

Round trip tickets are on sale for October 9th, 10th, 11th and 12th to above named city for \$16.00. Final return limit Nov. 15th and 16th. Additional charges for baggage. For more information, apply to Southern Pacific agents for additional information.

The Menace of Unrestricted Immigration.

Last year more than a million immigrants from Europe came to the United States. Russia, Italy and Austria furnished the bulk of this enormous addition to our population. There was increased immigration from Germany, but the British Isles no longer furnish a large proportion of the immigrants who come to these shores. The immigration from the Scandinavian countries is light, but we are getting more Greeks, Armenians and Syrians. Formerly Germany, Great Britain and Scandinavia furnished the vast majority of the immigrants coming to this country.

The changes in the character of our foreign immigration suggest that mere increase of population is not always desirable. Density of population does not always conduce to human happiness, and density of a certain kind is distinctly opposed to the well-being of society. The immigrants from Eastern and Southern Europe do not spread out over the country, but settle in the congested districts along the North Atlantic seaboard, mainly in the great cities north of Hampton Roads. They are filling up the factory towns in New England and the mining districts of Pennsylvania. They are really colonies of foreigners settled among Americans, with whom they do not assimilate, with whom they are separated by racial antagonism.

In Lawrence, where a great mill strike is in progress, the factory operators are almost exclusively composed of Italians, Poles, Armenians and Syrians. They have brought the customs, speech, habits and prejudices of darkest Europe with them, and they have huddled together in localities and under conditions which prevents them from being absorbed by the English-speaking population; they remain foreigners in our midst, defying sanitary laws and stubbornly resisting influences which would broaden their minds, enlarge their opportunities and elevate their social status.

By living together in the great factory towns they become victims to industrial slavery. The state of dependence in which they place themselves depresses the wage scale and the standard of living in other manufacturing districts because the mills in other sections of the country must compete with the mills of New England. The wretched mills of Lawrence pay their operatives less than \$7 per week per capita. It is not a living wage and the scale hangs like a millstone around the neck of every factory operative in the country. The result is a small crop of millionaires and a pauperized industrial population, foreign in character and wholly out of touch with the forces and currents of our national life. This population readily comes under the influence of lawless agitators who thrive on the sufferings of the poor and who preach a propaganda of revolution under pretense of advocating a redress of the wrongs of the poor.

But the evils we have pointed out are directly traceable to unrestricted immigration—free trade in labor—which enables the pauper laborer from Europe and Asia imported to compete on most unequal terms with the American laborer not only for the wage, but the job. Inefficient, impoverished and dependent labor always brings down the wages of efficient and independent workmen, just as a debased currency invariably drives out sound money. For the better protection of working people of all classes in all sections of the country some way should be found to prevent further congestion of these foreign hives, and public opinion should demand amelioration of such shocking conditions as exist at Lawrence. The conditions there are a menace to the whole country. They are sapping the fibre of American citizenship and undermining the foundations of American institutions.

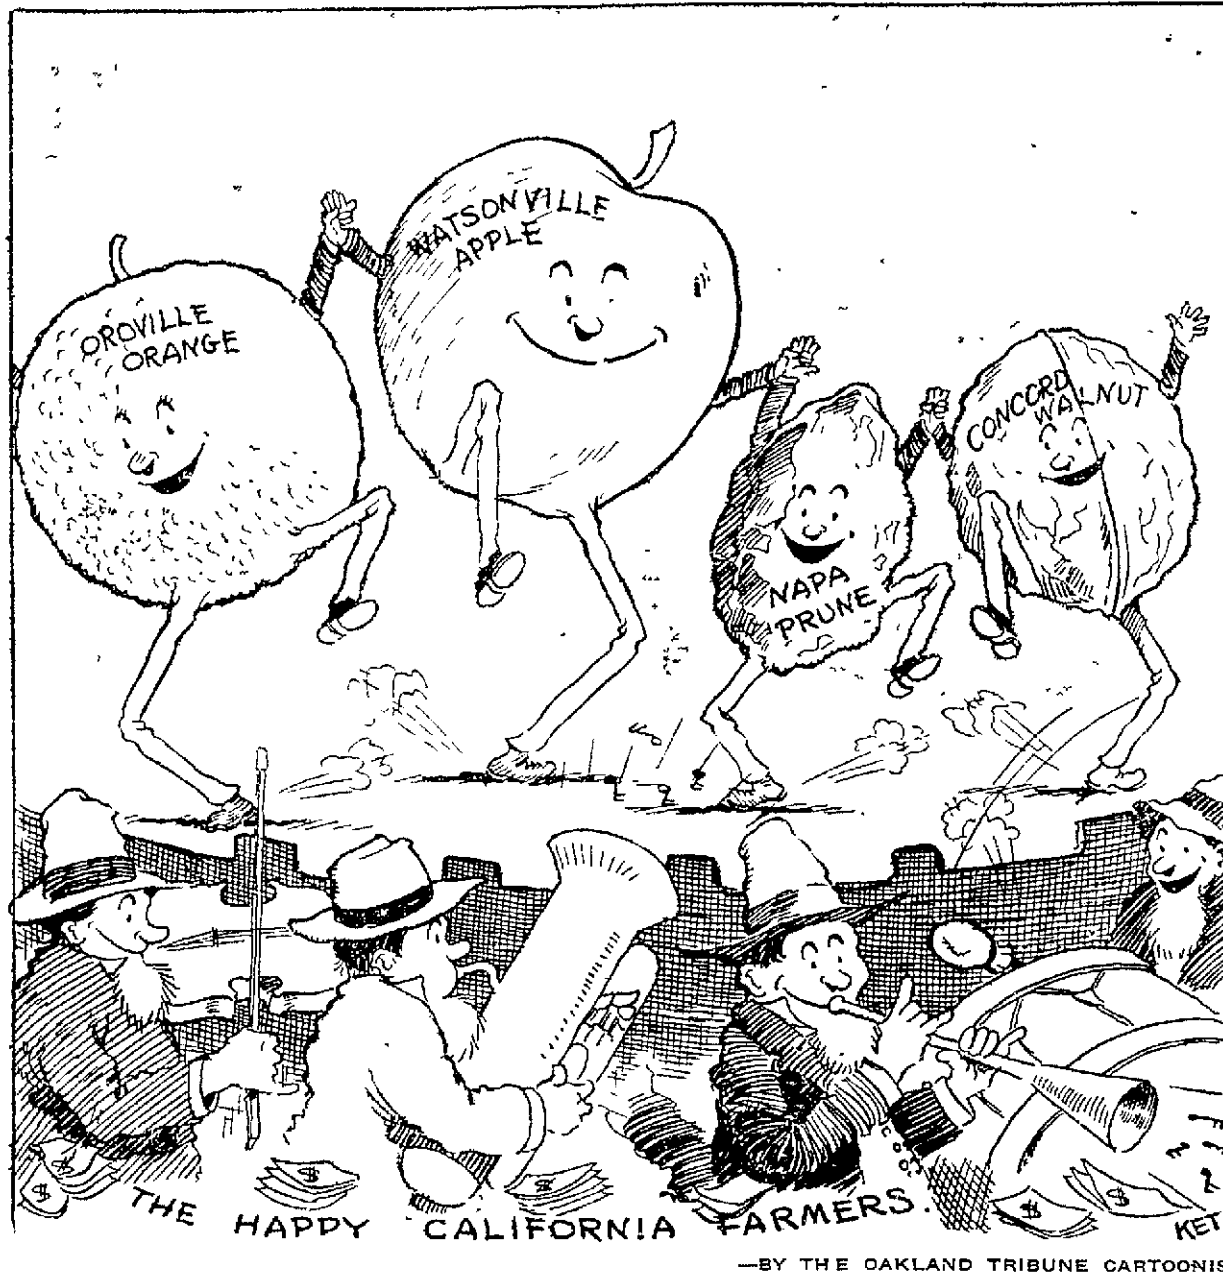

In Lawrence an industrial grievance has taken on the complexion of a revolt against the administration of law. Twelve thousand operatives have gone on strike because two of their leaders in a former strike have been placed on trial for violating the criminal law. It may be that the men are wrongfully accused, but the protest made has a sinister significance. It shows the temper of the strikers and their peculiar conceptions of the administration of justice. They regard the law as tyranny—at least in this case—and they have adopted a remedy that if successful must weaken the power of the judiciary to vindicate the right and punish wrong. If they had the power they would at once recall the judge who refused to dismiss the case. Whether innocent or guilty, the accused men would be allowed to escape prosecution, and the criminal acts which constitute the basis for the present prosecution would never be subjected to judicial investigation.

The anomalous condition can be traced directly back to the immigrant ships and the laws which permit the flooding of our civilization and society with ignorant hordes who first submit to industrial slavery and then rise in rebellion against all constituted authority.

The appearance of ducks in Lake Merritt heralds the approach of the rainy season. When the shooting season opens the wild water fowl will seek the lake for safety and seclusion. They are quick to learn where they are protected, and will swarm into the lake in great numbers as the season wears on. Last winter the lake was alive with ducks who would not let a man get within a half a mile of them on the bay or in the marshes, but who swam around quite tamely within easy gunshot of persons on the shore—a proof that these wild creatures do not fear man when they are not molested. The multitude of wild fowl are an attractive feature of the lake during the winter months. Every variety of duck known in this region is to be seen, also seagulls, loons, gannets and mudhens, and occasionally cranes, geese and pelicans. Blackbirds swarm on the park grounds and lend their chatter to the harsh clamor of the northern birds here for the winter. The Park Commissioners should continue the policy of protecting wild fowl in the lake from molestation. By simply protecting the birds they have secured an attraction for the park and lake—an attraction that money cannot buy—an attraction of unique interest to every visitor who comes to Oakland. In a few weeks the great flocks of ducks and other aquatic birds will afford entertainment for the young folks. If they are not harmed or frightened away they will be with us every winter.

Senator Jonathan Bourne of Oregon is a true Bull Moose. He was a candidate in the primary election to succeed himself as a Republican, and was defeated by Ben Selling. Now he is a candidate by petition as an independent. He refuses to abide by the result of the primary on the ground that he was misrepresented by the press. He is simply a hard loser, lacking in good faith. Had he won in the primary he would have been very indignant had his competitor come out against him as an independent candidate. But the typical Bull Moose always questions the verdict when he loses. Bourne is the man who took John D. Archbold to the Federal Reserve at Oyster Bay.

We Are Having a Great Show Out Here!

—BY THE OAKLAND TRIBUNE CARTOONIST.

The Annexation Jimmy.

The men sent out to talk for the annexation amendment are sweetly arguing that it is merely permissive; that it simply allows municipalities in other counties desiring to annex themselves to San Francisco the privilege of doing so. It is to be observed, though, that nobody wants the amendment but San Francisco. It was framed up in San Francisco to enable San Francisco to invade the domestic politics of her neighbors and force her scheme of annexation on them by every device that unscrupulous rapacity can suggest. "We only want the jimmy that we may come in whenever we are invited," say the San Franciscans. Give them the jimmy and they will proceed to break in. That is what the jimmy is for. The annexation amendment is their jimmy. It was made in their shop, under their direction solely for the purpose of breaking down opposition to the scheme to extend San Francisco's political dominion over all the cities and towns bordering on San Francisco bay. Give them amendment and colonization, intimidation and corruption will do the rest. The people of California should no more place this weapon in the hands of San Francisco than they should furnish a burglar waiting to break into a citizen's house with a jimmy.

The tinhorn reformers who have amended the commandment, "Thou Shalt Not Steal," by adding the proviso, "but we can," do not understand human nature. After robbing and reviling the Republican voters of California, adding the insult of abuse to the injury of theft, they think Republicans can be made to vote the Bull Moose ticket by printing it on the official ballot in the Republican column and depriving the Republican candidates of the place and designation to which they are entitled. "If they are not allowed to vote for Taft they will vote for Roosevelt," argue Lissner, Rowell & Co. Their logic is as faulty as their ethics. Their conclusions are as lame as their morals. They think they can make Republicans vote for Roosevelt by picking their pockets and kicking them as miscreants. Crooked morals beget crooked ideas. These honest gentlemen do not seem to understand that they have supplied the strongest of incentives—a sense of wrong and insult—for Republicans to vote for anybody else rather than Roosevelt. Republicans who merely wanted to vote for Taft before now want to defeat Roosevelt to rebuke the outrage to which they have been subjected.

By Way of Reminder.

J. Stitt Wilson, the Socialist Mayor of Berkeley, is asking citizens of Oakland to vote for him for Congress. A few months ago Mr. Wilson appeared in Oakland as an agitator for the recall of Mayor Mott and his colleagues. As Mayor of another city he appeared here as a disturber of our political peace and as a champion of lawlessness and disorder. On Sunday, March 10, he urged a public gathering in Oakland to inaugurate a movement to recall Mayor Mott and his fellow commissioners. He was speaking for the I. W. W. and their political allies. Now he is a candidate for Congress and would like for the people of Oakland to forget his conduct last March. But the citizens of this district have an ideal representative in the person of Joseph R. Knowland, and they propose to send him back to Congress. Mr. Wilson is not of the calibre and quality needed in the House of Representatives.

When Senator Dixon, Roosevelt's campaign manager, was on the witness stand he knew very little about the expenditures he had made, but he was eager to testify to what he had heard about the expenditures other campaign managers had made. It transpires that most of what he said he had heard was untrue. But that will not hinder Mr. Dixon from repeating the false hearsay stories told by himself as testimony given before the Senate committee. "The testimony taken by the committee shows so and so," he will say. But an examination of the record will disclose that the testimony cited by Mr. Dixon was given by himself as stories that he had heard. That is Mr. Dixon's way. His informant is always anonymous and his stories fabulous.

There will be no Balkan war. The powers have turned the hose on the belligerents, and an attack of cold feet has succeeded the rush of fighting blood to the head. As we predicted, the war with Turkey will be finished in the wine-shops. It has been a Bull Moose campaign.

Praise for Mayor Mott

Mayor Mott of Oakland is the new president of the California League of Municipalities. He is an able and a progressive man, and has broad ideas. Under his presidency the league should keep up the good work. It was only a few years ago that this state organization began, but it has grown into a splendid working force for the consideration of matters affecting every incorporated city, large or small, in the State. Under the administration of Mayor Mott it will make further advances.—Hanford Sentinel.

A MOOSE ELEGY

The curfew tolls the knell of parting day,
The lowing moose winds slowly o'er the
lea;
The plowman homeward plods his weary
way,
And leaves the world to Theodore and
me.
—Peoria Journal.

Now fades the glimmering landscape on
the sight,
And all the air a solemn stillness holds,
Save where the La Follette wheels his grow-
ing flight
And scolds, and scolds, and scolds, and
scolds, and scolds
—Chicago Tribune

Save that from yonder Outerlooking
tower,
With lofty speech the Colonel doth
complain
Of those who, fretful of his grab for
power,
Molest his longing for another reign.
—New Bedford Standard

Behind those gleaming teeth and rog-
gled eyes,
Where heaves in mighty throbs the
wondrous brain,
The hidden wisdom of all ages lies,
Alas! we'll never see his like again!
—Springfield Union

The boast of honesty, the love of power,
And all that Perkins, all that Munsey
gave,
Await alike the inevitable hour,
The third-term movement leads but to
the grave.
—Charleston News and Courier.

Can cries of fraud, or animated guff
Back to the White House call his fleet-
ing goat?
Can Richard Harding Davis write enough
To flatten out the dull, cold farmer
vote?
—New York Herald

Perhaps in this neglected spot is laid
Some fagot for the funeral pyre,
Where hands the rod of empire would
have swung
Will rest from toil that waked the living
flaw.
—San Antonio Express

Can snickering mops impute the fault
If trusts his campaign coffers o'er-
flowing fill,
Where through loud-bawled cries and
oodles of salt,
Standard oil puts up the stuff with a
will
—

Up and Down? Go To Your Doctor
Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic. Ask your doctor all about this. Trust him fully, and always do as he says.

HISTORIC MARKET AT CENTURY MARK

Prepare Elaborately for Reception of Gaynor and Wilson.

NEW YORK, Oct. 8.—Washington market, one of the venerable institutions of the city, began today a week's celebration of its 100th birthday. The 150 merchants doing business there had covered the old market building with decorations for the occasion and had prepared elaborately for the reception of Mayor Gaynor, Governor Wilson and other notable guests.

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend. This is a medicine for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

AMUSEMENTS

MOTION PICTURE THEATERS
The following is a copy of an announcement now being displayed in lobbies of all Moving Picture Theaters in Alameda County, taking effect next Saturday, October 12th:

NOTICE!
FIRST CLASS PICTURE THEATERS OF ALAMEDA COUNTY, CALIFORNIA
NEW ADMISSION
Adults 10c
CHILDREN UNDER 15 YEARS 5c
This change of admission has become necessary owing to the added expense brought about by the enforcement of the constitutional amendments, regulations, Employees' Eight-hour Law, and also the severe national censorship imposed on picture manufacturers, thereby increasing their cost in engaging high caliber artists, maintaining large companies that are constantly traveling all over the world, and a general increasing of expenses of all such first-class picture theatres as are now demanded by the public.

Reserved Seats Now on Sale for Shakespeare's 3-ACT Comedy.
"AS YOU LIKE IT" ROSE COGNAN
Specially engaged by the Vitaphone Company to play Rosalind; supported by Maurice Costello, as Orlando; Robert McWade Sr., as the Jester, Touchstone.

WERTZ FAMILY SEEKS FORTUNE

Want the Netherlands' Government to Disgorge \$185,000,000.

CHICAGO, Oct. 8.—Mrs. Estelle Ryan Snyder, who has just returned here from Germany, where, as representative of the American Wertz Family Association, she sought to recover from Germany, Austria and the Netherlands, \$185,000,000, the amount of the estate of Paul Wertz, an imperial field marshal of the Seventeenth century, announced last night the plans of the association for carrying the case into the highest courts of the German empire.

SCHOOL GIRLS ARE INJURED BY AUTO

Careening Auto Crashes Into Large Crowd of Pedestrians.

LOS ANGELES, Oct. 8.—An automobile careening wildly down South Broadway during the busiest hour in the shopping district late yesterday swung around the corner at Fifth street, hurling a dozen pedestrians right and left, colliding with a team and smashed a motorcycle before the owner could stop it.

EDISON WORKS 14 DAYS AT STRETCH

With Five Men He Puts In Strenuous Hours at Machine.

NEW YORK, Oct. 8.—In the northeast corner of the Edison shops at West Orange, N. J., there is a long, low, many-windowed room known as the perfecting laboratory. From this room there stepped, or should be said staggered, Sunday afternoon, six men. They were grimy men; their clothes sodden with oil, eyes bleared and sunken; the sag of the last stage of weariness in their shoulders; the shuffle of exhaustion in their feet.

WOMAN AND TWO MEN ARE WOUNDED

Fight In Fresno Home Results In the Shooting of Three.

FRESNO, Cal., Oct. 8.—Two men and a woman were probably fatally wounded last night as the result of a shooting scrape that took place at the residence of Nat L. McKenzie, 235 Clark street. Bert Riggs, a business partner of McKenzie, went to the house late, after McKenzie and his wife had retired, and got into an argument over business matters.

SHORT-CIRCUITS DEADLY FENCE AND ESCAPES

RENO, Oct. 8.—Fearing that Fred Skinner, the murderer who escaped from the condemned cell in the Carson penitentiary, receiving aid from guards at the prison, the Board of Prison Commissioners yesterday investigated the matter at considerable length.

LIVING TORCH LEAPS FROM FIRE

One Fatally and Two Seriously Burned In Fire In Rooming House.

LOS ANGELES, Oct. 8.—Thomas Reyes, a cement worker, who last night, cloaked in flame, leaped from the second story of a blazing building at 422 East Seventh street and fell unconscious on the ground, was so badly burned that his life was despaired of today.

FRONTIER PICTURE SHOWN AT CAMERA

Marvel In Western Photoplays Flashed for the First Time.

A marvelous western frontier photoplay production in two reels, 2000 feet, and fifty stirring battle scenes, is being shown at the Camera Theater for today only.

LEAPS FROM SHIP INTO SHARK-INFESTED SEA

HONOLULU, Oct. 8.—Recognizing in some houses on the shores of Pearl harbor a semblance of quarters, C. R. Rigley, formerly a teamster in the quartermaster's department, who is an immune patient, jumped from the deck of the transport Sherman as it passed the Lookout yesterday and started to swim toward the channel. The captain of the transport, established a record for getting men overboard back to the deck, for the elapsed time from the moment Rigley jumped until sailors carried him to the hospital was nine and a half minutes.

TONGA ISLANDS SWEEP BY GREAT HURRICANE

HONOLULU, Oct. 8.—Most of the superstructure and spars of the Norwegian steamer Hornelen, which crossed from the quarantine wharf yesterday, are brand new and somewhere around the Tonga islands floats much of the good ship's architecture.

Vapor Treatment for Catarrh

Colds and Coughs

The HYOMEI vapor treatment is especially recommended in stubborn cases of chronic catarrh of long standing, but remember that the inhaler should be used twice daily as usual. This treatment only takes a few minutes time before going to bed. Pour a scant teaspoonful of Booth's HYOMEI into a kitchen bowl of boiling water, cover head and bowl with towel and breathe for several minutes the vapor that arises. Antiseptic and germicidal, it kills the bacteria and soothes the inflamed membrane.

"Iron-Thread" Hose

For women and children; guaranteed to "give satisfaction to your satisfaction." Main Floor. 25c

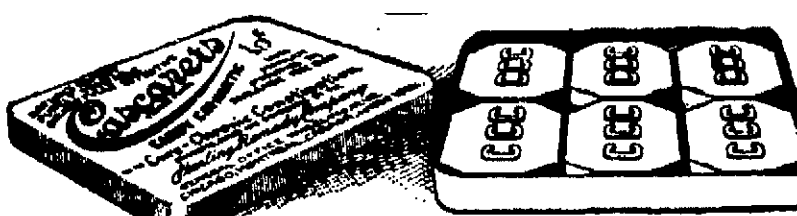

CHINESE POLITICS BEATS TONG WAR

One Oriental From America to Have Seat In China's Electoral College.

NEW YORK, Oct. 8.—Politics is invading Chinatown these days, and the Chinese are finding it most exciting than tong wars or gambler's feuds. The district is preparing this week to vote for a delegate to the Presidential Electoral College which will meet in Peking the latter part of November to vote for President of the Chinese Republic under the new constitution. One American Chinese as representative of his countrymen in the United States is to have a seat in the electoral college and in the Upper House of Parliament. The American donor is to be selected by six delegates from the Chinatown of six big American cities. Three candidates for the post of donor are now campaigning in the country.

BOWELS SLUGGISH, STOMACH SOUR GASSY, UPSET? CASCARETS GREAT!

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, the nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means your stomach is full of sour bile—your liver is torpid—your bowels constipated. It isn't your stomach's fault—it isn't indigestion—it's biliousness and constipation. Try Cascarets; they immediately sweeten the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter from the bowels. Then your stomach trouble is ended. A Cascaret tonight straightens you out by morning.

10 Cents. Never grips or sticks. "CASCARETS WORK WHILE YOU SLEEP."

BIRDS' FRIEND DIES AT SANTA BARBARA

SANTA BARBARA, Oct. 8.—Bradford Torrey, a noted ornithologist and author, who for the last five years made his home here, died yesterday in a hospital. He had been in poor health for a year.

AUTOMOBILE FORGER ENTERS GUILTY PLEA

SAN JOSE, Oct. 8.—James H. Rogers, who is alleged to have confessed to offenses committed in 1911, 1912 and 1913, United States, was arraigned yesterday on a charge of forgery and pleaded guilty. Upon the advice of his attorney he was willing to waive time for sentence, but Judge J. E. Richards refused to dispose of his case before Wednesday.

RUSH ORANGE SHIPMENTS

SACRAMENTO, Oct. 8.—Rush orders for oranges from the Sacramento valley have been received from dealers in Australia and New Zealand and carload shipments are being prepared for exportation to San Francisco and Japan. The water, Corning and Grand growers have placed orders for cars to forward the fruit and the shipments will probably begin in the next week. Oranges from Northern California are being shipped in large quantities. WOMEN PLAN MANY ANTI-ANNEXATION MEETINGS

MRS. ISAAC REQUA TO OPEN HOME FOR GATHERING

Miss Mollie Connors Delivers Address Before Catholic Ladies' Aid

A meeting of the advisory board of the Women's Auxiliary, which is aiding the Alameda County League, took place at the headquarters yesterday. Mrs. Frank K. Mott presided over the meeting, with Miss Mollie Connors as secretary, and there were present also Mrs. Isaac Requa, Mrs. C. S. Chamberlain, Mrs. Charles H. King, Mrs. Charles Leonard Smith, Mrs. S. C. Borland, Mrs. Thomas Hogan.

Reports were received showing activity in almost every part of the county. A large meeting under the auspices of the women of the auxiliary is to be given at Elmhurst, and one is scheduled for October 15 at Livermore.

MANY MEETINGS.

The activities of the week for the auxiliary were announced as follows:

Monday, addresses at the Catholic Ladies' Aid Society.

Tuesday, addresses at the Synagogue, under the auspices of the Relief Society.

Wednesday, addresses at Common School hall for the teachers, members of the Civic Club and others interested in the great anti-annexation movement.

Thursday, meeting at Berkeley, in the home of Mrs. Frank J. Woodward.

Friday, parlor meetings in various sections of the city, the meetings to be announced by Mrs. S. C. Borland.

GENERAL REQUA'S ADDRESS.

Mrs. Isaac Requa, who is an anti-annexation meeting in her beautiful home in Piedmont and the generous offer was gratefully accepted. A vote of thanks was given Mrs. Requa and Mrs. Frank Woodward for their loyal support of the cause.

After deciding upon many plans for the further carrying on of the great campaign the meeting adjourned.

There was a large and enthusiastic meeting yesterday afternoon of the Catholic Ladies' Aid, branch No. 1, the members assembling at their hall at Eighth and Grove streets.

The meeting was called to order by the president, Mrs. Norton, and after the routine business of the hour she introduced Miss Mollie Connors of the Women's Auxiliary, Alameda County League.

Miss Connors explained the provisions of amendment 5 and showed how detrimental they were to Oakland and to the counties of the state other than San Francisco and Los Angeles.

She explained the work that was being done in Oakland and Alameda county to defeat the pernicious bill and gave a vivid description of what would happen to Oakland if her independence should ever be surrendered.

OPPOSITION VOICED.

There were many impromptu speeches made by the members, all voicing the strong spirit of opposition to the amendment.

Miss Mary Lambert made an able and exceedingly clever address. She voiced the love of Oakland people for their city, and she said that the one who would willingly hand over a beautiful city and give up its independence was a traitor to his city and his home.

Miss Lambert said that nature had set the geographical lines for both cities and the great waterway must forever remain the dividing line.

At the conclusion of the program a rising vote of thanks was given Miss Connors by the president and all the members of the association present.

The meeting was one of the most successful of the year and each member pledged herself to do everything in her power to aid the cause of anti-annexation.

PROFESSOR GIBSON SPEAKS.

The Ladies' Auxiliary of the First Hebrew Congregation at its regular monthly meeting in the vestry room today had a special program devoted to a discussion of the annexation amendment.

Addresses against annexation were made by Miss Mollie Connors and Professor W. E. Gibson, who were enthusiastically applauded.

The meeting was an open one. Vocal selections were rendered by Miss Helen Mesow, the blind prima donna.

A very successful neighborhood club meeting was held yesterday afternoon at the home of Mrs. L. H. Fourth and Newton avenues, at which annexation was discussed.

Miss Jeannette Arnold, formerly a

well-known Oakland school teacher, is working vigorously to beat the annexation in San Jose, where she is at present teaching. A few days ago she wrote for campaign literature to the Alameda County League, which forwarded it to her. She in turn distributed it among her friends. "The result was that a number of these communicated with the Alameda County League, saying that they were against annexation. 'Anything Miss Arnold wants we will do,' they said."

WOODLAND DEMOCRAT.

The Woodland Democrat is another newspaper that has fallen in line in the fight against annexation. In a recent issue it said:

"The amendment is a vicious measure and ought to be defeated. There is no sentiment in this community in favor of it, but the danger is that it will be overlooked because many people of the interior of the state think they are not particularly interested."

A few of the objections are: "It authorizes the division of the territory for the benefit of a majority vote instead of the two-thirds vote now required. A right denied the rest of the state."

"It defies the intent of the constitution by permitting the invasion of four counties by San Francisco to create a false pretense of population."

"It permits an absolute monopoly of all the commerce of San Francisco bay to the disadvantage of the interior communities who must stand and deliver to San Francisco if this amendment is adopted."

"It denies to every other city or combination of cities the right to have a city and county government, if they so desire, because they have not a population of 350,000."

"It is unfair, unreasonable and special legislation."

OPPOSE AMENDMENT.

J. P. Summers, secretary of the California Afro-American League, who left Oakland last week to carry on a campaign against annexation among the colored organizations of the state, reports that there is much sentiment against the amendment in the places he has visited. He is at present in the southern part of the state. He forwarded a communication sent him by the colored progressive clubs of San Francisco which reads as follows:

"Mr. James P. Summers—My Dear Sir: I am authorized by this progressive club to convey to you the deep sentiment of appreciation because of the enlightenment you have given us on the important amendments to be submitted to the voters on November 5. In an especial manner we are grateful for the clear statement of the object and purposes of the annexation amendment, as it appears on the ballot in the sixth place. San Francisco will receive no aid from us, largely owing to your successful efforts to enlighten us as to her selfish motives and purposes. You can return north in a position to say to Los Angeles' friend, Oakland, that we are with them to a man and woman."

COUNCIL REJECTS PROPOSED LAW

Billboard Ordinance Will Go Before Voters as an Initiative Measure

The city council this morning gave its reason for refusing to pass the ordinance regulating billboards, the reasons being embodied in a set of resolutions passed by the council. The improvement clubs of North Oakland have notified the council that the ordinance will now be made the basis of an initiative election to submit it to the vote of the people.

The proposed ordinance is a drastic regulation to put billboard advertising out of business and with the city council by former Councilman Harold Everhart. The council then had five days in which either to pass the ordinance or reject it with an explanation of its action. The council decided that this was a matter of policy that should be submitted to the voters, and rejected the bill. The improvement clubs are now in a position to circulate petitions for an initiative on the matter, the question to be submitted at the next time as a general election to save expense.

The lobby was packed with women representing improvement clubs and civic clubs interested in the billboard ordinance.

The formal council resolution was as follows:

Resolved That the City Clerk be and he is hereby directed to forward by registered mail to Harold Everhart, at his address, No. 415 Hudson street, Oakland, California, the following as the reasons of the city council why the billboard ordinance introduced by him should not be passed:

"The city of Oakland is presently receiving a revenue from billboard advertising within its limits about \$700 per month; this revenue was considered by the council in preparing the budget and fixing the tax levy. If this ordinance is passed much if not all of this revenue will be lost. Advertising by means of billboards has long been recognized as a legitimate business and is used commercially by many prominent business men."

'HEINY' HEITMULLER DIES OF TYPHOID

BASEBALL STAR SUCCUMBS IN SOUTH

WILLIAM F. (HEINY) HEITMULLER, WHO DIED OF TYPHOID FEVER IN LOS ANGELES TODAY.

First Came Into Promise Through Good Work as Member of U. of C. Teams

LOS ANGELES, Oct. 8.—William H. ("Heiny") Heitmuller, right fielder for the Los Angeles Pacific Coast League team, died at the Good Samaritan Hospital at 3 o'clock this morning of typhoid fever.

Heitmuller was taken to the hospital a week ago last Sunday. Last Saturday his condition became so alarming that his relatives in Oakland were sent for, and since then have been at his bedside.

Early this week he rallied and his physicians believed he was out of danger. Late last night, however, his condition suddenly changed for the worse and sinking into unconsciousness he remained in that condition until death came at 3 o'clock this morning.

Heitmuller came to Los Angeles this season and was known all over the League as one of its heaviest hitters. Today's game between Vernon and Los Angeles was declared off because of Heitmuller's death.

William F. Heitmuller first came into prominence in the athletic world as a member of the University of California football team and his brilliant playing and aggressiveness on the gridiron was instrumental in winning many games for his college.

Later he took up baseball and after a successful season with the college team

turned professional, joining the Oakland team of the Pacific Coast League.

His brilliant fielding, base running and big league magnetism and he became a member of the world's champion athletic team of the American league.

Later he joined the Baltimore team of the Eastern League, but the call of the west was too strong and he purchased his own release, becoming a member of the Los Angeles team.

Last season the decreased slumped his value as a ball player by leading the Coast League and this season, up to the time of his illness, he was considered the leading hitter.

Heitmuller was a Native Son having been born in San Francisco. He is survived by a brother and by a father and mother.

If you only knew what May-er's German Eyewater does to your eyes you wouldn't be without it a single day.

SHIP'S STEEL RIBBS SMASHED BY WHALE

Blow Against Vessel's Side Disables Engine; Breaks Dishes.

Monster of the Sea Escapes but 61 Others Are Caught During Cruise.

SEATTLE, Oct. 8.—How a gigantic sperm whale broke two steel ribs of the steam whaler Tye Jr. and disabled a dynamo and one engine when harpooned off Sitka bay, Alaska, August 15, was told by the crew of the whaler which has arrived from Baranof island.

The battle with the whale began when Gunner Sigurd Blek, formerly a Lieutenant in the Norwegian navy and the champion whaler marksmen of the Pacific, harpooned the big fellow. The whale dashed at the vessel with terrific speed. There was a crash as he struck midship on the port side. Dishes in the galley fell to the floor with a clatter and the vessel shivered from stem to stern. The force of the collision increased the whale's fury and after a hard struggle it escaped.

As soon as the blow was struck Captain S. B. Shaw went below and examined the hull. He found that two steel ribs had been broken and the machinery put out of commission by the shock. Members of the crew regretted the loss of the whale, which was nearly 90 feet long and worth \$1200 more than the damage to the vessel.

During the six months' cruise of the Tye Jr. 61 whales were bagged.

\$701,000 IS PAID FOR SITE FOR AUDITORIUM

SAN FRANCISCO, Oct. 8.—Mayor James Rolph Jr. this morning signed a warrant for the purchase by the city of the site of the former Mechanics' pavilion which is to be the site of the new center. The property is being purchased from the Mechanics' Institute at a cost of \$701,000 and is bounded by Hayes, Grove, Park and Leavenworth streets. It is understood that the giant auditorium and convention hall will be built upon the block.

COLONEL IRISH DENOUNCES EASTERN WOMAN'S CHARGE

Demands Proof From Alice Stone Blackwell of Dorchester

The following letter from Colonel John P. Irish appeared recently in the New York Times:

To the Editor of The New York Times: My attention is called to a letter to The Times from Alice Stone Blackwell of Dorchester, Mass., in which she makes this statement:

"No officer of the Anti-Suffrage Association ought to refer without a blush to the 'exploitation of young women.' That society has the hearty approval of all the white slave traders in the country and their best wishes for its success. When the suffrage amendment was pending in California a very rich woman who had made a large gift to the funds of the anti-

slavery cause, and who was ultimately converted to suffrage, by learning that the next largest contribution to hers had been made by a man owning a whole string of brothels."

It is a tribute to the political women

who urge suffrage to slander and malign those who oppose it. They fall immediately to the low level of a class of women who in their vulgar contentions seek advantage by calling each other wantons. Suffrage was opposed in California by eight-tenths of the women of this state. The two-tenths who wanted it were led by political women of the Blackwell type.

One don't old lady in Los Angeles, a teacher and head of a school for young ladies, was prominent in opposition to suffrage, and her arguments were answered by the political women by calling her "a white slave" out of their vulgar minds attacking her where a woman can be hurt worst.

Miss Blackwell has made a positive statement. I demand that she verify it. I demand that she give the name of the rich woman and of "the man."

I believe this she is a minister of the Unitarian church. As for myself, I beg to refer to the president of American Unitarian Association and to the Rev. Charles W. Wendte of Newton, Mass. If she fails to make good her charge it will be necessary to consider what decent Unitarians should say and do about her conduct.

JOHN P. IRISH.
Oakland, Cal., Sept. 21, 1912.

COUNTY FRUIT CANNERIES BUSY

Ship Great Quantities to Markets of Europe; Running to Capacity

Panama Canal Will Boost Industry of State to Proportions.

Alameda county fruit canners foresee a tremendous growth in California's fruit industry with the opening of the Panama canal, which will bring within the range of moderate transportation the markets of the old world.

Sixty thousand tons of California canned and dried fruit are being shipped this year to Europe across the continent and then across the Atlantic. This estimate is based upon railroad and steamship figures and will probably be increased by later tonnage receipts. The big fruit canning establishments in Alameda county are working in long shifts to keep up with the rush and many are planning new equipment and larger facilities for next year, aiming at the same time to be ready to take advantage of deep water facilities as fast as Oakland develops her waterfront.

OF TREMENDOUS VALUE.

The opening of the European market to California fruit is declared to be of tremendous value to California growers, who are now assured of a ready market at good prices. The demand for California fruit and an improvement in the manner of handling, grading and shipping, has made it possible for thousands of people in all the big European cities to obtain what they desire within a short time after it has been shipped from this state.

The speculative feature has been eliminated by a new system of buying, which permits the trade to deal directly with the California shipper instead of as formerly with the broker.

The result has been that the grower has got just as much for his fruit while it has reached its destination at a much more attractive figure.

MANY MAKE RESERVATIONS.

In addition to those who will comprise the team, the following have already made Pullman reservations:

E. C. Simmons, Louis Gier and wife; W. P. Austin, George W. Austin, M. T. Minney and wife; W. J. Layman, Ralph A. Kaiser; Richard Oates, L. E. Grimm, Will A. Steele, J. Hay Smith, W. P. Woolsey, A. R. Mitchell, W. W. White, S. H. Masters, Edgar A. Jones, J. H. Sallinger, R. S. McHenry, R. H. Leon and wife and W. H. Duncan.

REAL ESTATE MEN WILL TRAVEL

Three Pullmans Will Take Local Dealers to Los Angeles.

Oakland to Uphold Honor of Northern California on Diamond.

Three special Pullman coaches filled with real estate dealers, members of their families, and friends, will leave the Southern Pacific station at First and Broadway tomorrow evening at 6:55 o'clock, bound for the State convention at Los Angeles. At San Jose, the coaches will connect with a special train comprising the San Francisco-San Jose and other Central California representatives.

The delegation will be one of the most enthusiastic that has ever invaded Southern California. A special round trip rate of \$14 has been secured by the real estate men, who are urging that local boosters embrace this opportunity to swell the Oakland delegation. Tickets may be procured from C. Fred Burke, secretary of the Oakland Realty association with offices in the Albany building.

TO PLAY BASEBALL.

One of the big features of the convention will be a baseball game on Saturday morning, October 12, between teams representing Oakland and Los Angeles, the local men having undertaken to uphold the honor of Northern California on the diamond.

The personnel of the local team was made public this morning as follows:

C. Fred Burke, manager; J. Rickabugh, captain and shortstop; E. B. Calderwood, catcher; C. Zamlock, pitcher; H. Gene Martin, 1b; Mark Anthony, 2b; C. C. Westover, 3b; C. Everson, rf; Floyd M. Lane, cf; E. C. Bridgman, lf; P. W. Morehouse, utility.

IN ADDITION TO THOSE WHO WILL COMPRISE the team, the following have already made Pullman reservations:

E. C. Simmons, Louis Gier and wife; W. P. Austin, George W. Austin, M. T. Minney and wife; W. J. Layman, Ralph A. Kaiser; Richard Oates, L. E. Grimm, Will A. Steele, J. Hay Smith, W. P. Woolsey, A. R. Mitchell, W. W. White, S. H. Masters, Edgar A. Jones, J. H. Sallinger, R. S. McHenry, R. H. Leon and wife and W. H. Duncan.

ALAMEDA

GIVES LECTURE ON LATIN-AMERICA

Dr. U. Lima, Brazilian Minister
- to Belgium, Speaks at
University.

1—Dr Oliveira Lima, Brazilian minister to Belgium, lectured last evening in California Hall on "The Independence of Latin America and its Evolution in the 19th Century." Dr Lima recently arrived in this country from Europe to deliver a series of historical lectures at leading universities of the United States, including Leland Stanford, Kansas, Michigan, Wisconsin, Cornell, Yale, Howard and Johns

Brazil, according to Lt. Lima, has a population of 25 000 000, of whom one million are Italians. The country is growing rapidly by immigration from Europe and from western Asia. Rapid progress is being made in the direction of professional and agricultural education.

"Of Latin American scientific progress I could cite a great many instances. The sanitation of a city of nearly a million inhabitants like Rio de Janeiro, which is today free from the yellow fever, constitutes a work of extraordinary scientific and social importance."

For Pan-Americanism to be complete, it would be necessary, he said, for the United States to ally itself with Latin America.

HAPPENINGS IN BRIEF

UNIVERSITY OF CALIFORNIA. Oct. 8.—Work has commenced on the grading for the new addition to the architectural building at the north side of the campus. The spring is to cost \$100,000. The new addition will include lecture rooms, drawing and modeling studios, and a library. The new addition will be features of the addition. A room from the new Architectural hall to California hall has also been commenced. The new appearance will be very attractive. Itself about the sophomore boys to held at Harmon gymnasium, October 27 by the members of the second year class. The building will be transformed into a palmy place where the students are athletes singing their own songs will be an added attraction. The several committees will meet jointly tonight to add

Lecturer I. A. Reed lectured before the League of the Republic this afternoon on "College Training for Municipal Experts." He foretold the approach of a day when only men specially trained would be accepted as department heads by the cities and added an explanation of how such training was already available in the university. Rabbi Martin Meyer of San Francisco will address the league next week on "The Social Evil Our Cities."

**TALENTED ARTISTS TO
BE ON CONCERT BILL**

ALANEDA, Oct. 5 — Mrs. Beatrice Priest Fien, vocalist, and Urea Waldrup, pianist, will appear in concert at Adelphi hall Friday evening under the terms of an advisory board of the Adelphi club Mrs. H. E. Johnson in charge of the arrangements for the appearance of these two artists. Each year the advisory board presents well known

SHERIDAN RESIGNS AS CHIEF OF FIELD SERVICE

WASHINGTON, Oct. 8.—James H. Sheridan yesterday resigned as chief of the field service of the General Land Office to become special assistant to the Attorney-General to prosecute a number of public land cases in Arizona and Southern California. There is said to be a congestion of litigation in that territory.

Sheridan, who is a native of Colorado, succeeded Louis R. Glavin, when the latter was dismissed by authority of President Taft as special agent of the Interior Department in charge of the investigation of the famous Cunningham coal claims in Alaska.

Secretary Fisher, it is said, does not intend to appoint a successor to Sheridan as chief of the field service.

How She Acquired "Feminine Charm"

A nicely-dressed woman sat beside me in the train. Everyone stared at her. I couldn't help doing this. It was not her beauty of feature that held our eyes, nor her costume. But there was something about her face and expression that drew us. "Would you mind telling me how you keep your complexion so dazzlingly pure? Don't think me impertinent, but you seem over 30, yet haven't a line in your face, and your cheeks are quite peach like. How do you do it?"

"Laughing, she said: 'That's easy, I remove my skin. Sounds shocking, doesn't it? But listen. Instead of cosmetics, I use only pure mercuric sulphate, procurable at any druggist's. I apply this nightly, like cold cream, washing it off mornings. This gently absorbs the soiled, weather-beaten film-skin, without pain or discomfort, thus revealing the fresh, clear under-skin. Every woman has a beautiful complexion underneath, you know. Then, to ward off wrinkles I use a face bath made by dissolving powdered salolite (one ounce) in one-half pint of water, and wash with this. It tones the skin wonderfully. Every night, I wash with it. I thought so. I'm now trying her plan and I'm convinced. Mollie Brown in The Story Teller."

MAYOR MOTT TO GREET HARMON

Governor of Ohio to Arrive Tonight to Select Site for Fair Building.

SAN FRANCISCO, Oct. 8.—Governor James Harmon of Ohio, accompanied by his wife and daughter, Mrs. E. W. Wright, the members of his executive commission and military staff will arrive in this city at 5:30 o'clock tonight.

He will be met at the Hotel St. Francis by Captain T. A. Morrow, Charles S. Fox, Henry W. Mitchell, representing the Ohio Society of California, and by the members of the distinguished Buckeye state executive committee, as well as W. J. T. Sisson, chairman of the executive committee, Joseph M. Cunningham, secretary, and the members of the executive committee, including Mayor Mott, and Lieutenant Commander David Foster, and to the president of the exposition.

When Governor Harmon arrives at the hotel in this city he will be welcomed by Mayor James R. Rolph, who will escort him to the Hotel St. Francis. A detail of mounted police has been provided as an escort to the Governor and his party.

The officers of the Ohio Society of California have arranged for an outfit of 1000 soldiers to be on duty in conjunction with Governor Harmon's visit to the naval training station. The members of the society will meet at the Clay street wharf, pier 3, at 1:30 o'clock, and will make the trip to the island on one of the government tugs. Governor Harmon and his party will follow on the Slocum. At the island the training station will be inspected and the Ohio executive will witness a dress parade. The training ship will fire a salute of seventeen guns in honor of Governor Harmon's visit.

The members of the Ohio Society will charter eight-seater cars for Thursday afternoon, taking a two-hour ride over the city, going to the Presidio to witness the military band, and then to the exposition grounds to take part in the site selection ceremonies of the Buckeye State.

Following is a complete program arranged for the entertainment and reception of Governor Harmon and his party.

The German-American Auxiliary to the Panama-Pacific International Exposition will tender a dinner to President Charles C. Moore, Director-General Frederick J. V. Skiff, Vice-President R. E. Harland and his family, at the Hotel St. Francis. Covers will be laid for more than 100. The members of the auxiliary will be present in large numbers.

Edward F. Deiger, president of the organization, will act as toastmaster. The committee on arrangements consists of Dr. Max Magnus and Henry Rishoff. The exposition will be the topic of discussion.

WEDNESDAY, OCTOBER 3.

9:30 A. M.—Governor Harmon receives official visits from Mayor Rolph and Major-General Murray at Hotel St. Francis.

10 A. M.—Governor Harmon and military staff and Ohio exposition commissioners leave Hotel St. Francis to return calls of Mayor Rolph and Major-General Murray.

10:30 A. M.—Gubernatorial party arrives at exposition building and calls on the president of the exposition.

11 A. M.—Gubernatorial party, accompanied by the director of works, visits exposition site and makes preliminary selection of location for Ohio building.

12:30 P. M.—Informal luncheon at the San Francisco Commercial club, at which will be the gubernatorial party, the president and directors of the exposition, the president and a committee from the Ohio Society, and members of the Commercial club.

12:30 P. M.—Informal luncheon at the Fairmont hotel in honor of Mrs. Judson Harmon and Mrs. E. W. Wright.

2:30 P. M.—Review and exhibition drill by the United States training station, tendered Governor Harmon by Captain C. A. Gove, U. S. N.

4:30 P. M.—Party returns to San Francisco on tug Slocum and proceeds to Hotel St. Francis.

THURSDAY, OCTOBER 10.

12:30 P. M.—Formal luncheon in honor of Governor Harmon and the Ohio Exposition commission at the Fairmont hotel.

12:30 P. M.—Formal luncheon at the Fairmont hotel for Mrs. Judson Harmon and Mrs. E. W. Wright given by the Women's board of the Panama-Pacific International Exposition.

2:30 P. M.—Gubernatorial party and all luncheon guests leave the Fairmont hotel in motor cars and proceed via Golden Gate park to the Presidio.

3:30 P. M.—Review of troops in honor of the Ohio Exposition commission at the Presidio tendered by Cornelius Gardiner, U. S. A.

4 P. M.—Ceremonies at the site selected by the Governor and the Ohio State Exposition Commission and formal taking possession of the site.

9 P. M.—Reception by invitation to Governor Harmon and the Ohio State Commissioners at the Palace hotel.

FRIDAY, OCTOBER 11.

9:15 A. M.—Gubernatorial party as guests of the Ohio Society of California leave Hotel St. Francis for San Francisco, proceeding thence to Mount Tamalpais for luncheon, returning by the Muir Woods.

PRISONER IDENTIFIED AS MAN ON PROBATION

Fred Moore, arrested by Patrolman P. J. Connolly for drunkenness and violation of city traffic ordinance, was today identified as a man on probation for burglary committed four years ago in Martinez. At Martinez he broke into some freight cars of the Northern Pacific Company, and arrangements were made today to send him back to that city. After being arrested by Connolly, Moore broke away from the officer and was chased for several blocks before he was captured.

CHARGED WITH FAILURE TO PROVIDE FOR FAMILY

Willard Henderson was arraigned before Judge Mortimer Smith this morning on a charge of failure to provide for his wife and minor children. Henderson was arrested on a warrant by St. Clair Hodgkins, police inspector at Twenty-first street and Broadway last evening shortly after he had visited his home, 2182 Broadway, to leave a note for his wife.

WOMEN INSTITUTE CURE

SANTA ROSA, Oct. 8.—State Organizer Miss Annie Lacy, assisted by members of the order from San Francisco, Oakland and the bay cities, instructed a course of the order of the Holy Innocents with the parish of St. Rose in this city. There was a large chapter membership list from the women of the parish. Mrs. John F. Plover is the presiding officer.

SANITARY NEEDS OF SCHOOLS URGED

Directors Point to Dangers of Neglect in 25 Institutions.

Insanitary conditions in twenty-five out of the forty-two schools in the city formed the basis for vigorous protests from Directors Anne Brown and John Forster at last night's meeting of the Board of Education. Miss Brown said that she had made a personal investigation of conditions at many of the schools and found that they were responsible for the health of the children, and that conditions should be at once remedied.

The matter was finally referred to the medical inspector and Manager A. C. Barker, with an understanding that hereafter principals should be required to submit all complaints in writing and to furnish the business manager with a notice whenever there was anything that needed his attention.

The plea of the parents of Louis Price, suspended from the Fremont High School for joining a high school fraternity, to be reinstated on probation as others have been, was denied. The fact that the school had no objection to the members granting the plea for probation, but he did not put it in the light of a recommendation. The board instructed Foster to appear at the next meeting and discuss the boy's case.

The new "Lecture Bureau," recently appointed by the Oakland Board of Education, announced last night the first schedule of free public lectures, which will be held in the assembly rooms of schools designated as "lecture centers."

TO BE ILLUSTRATED.

The lectures will all be well-illustrated with stereoscopic views and will be by well-known speakers of both sexes, every Friday evening from now until December 3.

Next year it is expected that the course will be extended and maintained throughout the term.

Miss Annie Florence Brown, who is the moving spirit in the new enterprise, hopes to encourage the community spirit by this means and to interest the parents in educational topics and get them acquainted with the school for their amusement.

The schedule follows:
October 18—Chabot Hall, Congressman J. R. Knowland, "The Panama Canal and Its Significance."
October 25—Franklin School, the Rev. Frank S. Brush, "The Spell of Italy."
November 8—Chabot Hall, F. S. Rosier, "Across the Desert."
November 15—Fremont High School, Miss Annie Brown, "The 1910 Passion Play."
November 15—Durant School, the Rev. A. W. Palmer, "Life in the High Sierras."
November 22—Washington School, F. S. Rosier, "Rural Scenes in England and Ireland."
December 6—Grant School, the Rev. F. S. Brush, "Rural Scenes in England and Ireland."

Life diplomas for teaching in the Alameda county schools have been granted to fifteen teachers by the State, according to word received yesterday by County Superintendent of Schools George W. Baker. In each case the diploma was awarded on four years' experience in teaching.

Those who received the diplomas are: Edward Albert, Gertrude Collier, Emily D. Duler, Mrs. E. A. Emerson, Mrs. Eleanor R. Holdom, Albert Ives, M. E. Harland, Elsie Jacobson, Grace Lyons, Marie Miller, Carolyn B. Potter, Betty D. Settles, May C. Wade, Mrs. Adele F. Swift, Mary Woodbury.

OIL COMPANIES OBJECT TO LAW

Southern California Producers to Present Charges to Federal Official.

LOS ANGELES, Oct. 8.—An investigation into the charges that the federal corporation tax law is discriminatory against oil companies is being conducted here by Royal D. Cabell, commissioner of the Treasury Department. Cabell is working in conjunction with Claude I. Parker of Los Angeles, collector of internal revenue for the Sixth district. Thirty leading oil producers of Southern California have been called to give their views on the matter.

Some Bakersfield oil properties probably will be considered today.

TO COMPLETE TAHOE ROAD. SACRAMENTO, Oct. 8.—Through the loan of necessary funds to the state by the Lake Tahoe railroad and others interested, the new state highway from Tallie to McKinney's, enabling persons driving to the lake by way of Placerville to avoid the high ferry charges, will be completed by Thanksgiving, it is announced. The \$25,000 appropriation by the last legislature for the construction of this road proved insufficient and the state engineer had decided to stop work until the next session, when capitalists offered a loan of \$15,000.

AILING SKIN IS HEALED BY POSLAM

The action of Poslam in the cure of any skin disease is immediate. It stops itching, allays suffering and heals with wonderful rapidity. Aggravated cases of eczema are cured quickly. To the surprise and gratification of those unable to secure results by other means.

Poslam, salicylic acid, piperazine, soap, and every form of itch, are eradicated by Poslam. Over-night treatment is often sufficient for minor troubles, such as pimples, red and inflamed nose, rashes, complexion blemishes, etc.

Poslam SOAP used daily for toilet and bath will keep the skin in healthy condition and improve its color and texture. It effects the healing of eczema, psoriasis, and other skin diseases. Poslam is a skin and mucous membrane cleanser. The Poslam Cream and all druggists sell Poslam Soap and Poslam Lotion. Soap (price, 25 cents). For free samples, write to the Emergency Laboratories, 32 West 34th Street, New York City.

TAX ASSOCIATION PLAN TO BE TOLD

Organization Issues Call for Public Meeting, Thursday Night.

In order that the citizens of Alameda county may be acquainted with the proposal of the Tax Association of Alameda county for a federated city and county government, the association has issued a call for a public meeting to be held in the main assembly hall of the Oakland Chamber of Commerce, Thirtieth and Harrison streets, for Thursday night.

The plan as proposed has been embodied in a report submitted by the executive committee of the association and embodies the result of several months' study of local conditions as well as investigations made into what has been done in other cities in the matter of governmental reform. This report will be presented by Mark L. Piqua, president of the association, and this presentation will be followed by a general discussion of the plan.

As outlined the scheme for a federated government does not contemplate any annexation of territory or interference with the authority of the existing municipalities in purely local affairs. The association is absolutely opposed to the proposal of county division. The report holds that with the consolidation of duplicated offices, now existing due to the independent city and county administration, great saving can be effected and the efficiency of the offices increased.

Further than this it advocates the entire elimination of state and national police from the county administration and the enforcement of strict civil service provisions in the securing of all employees in all departments.

Professor Carl C. Plehn and Professor Thomas H. Reed will also address the meeting.

JUDAENS PLAN FOR BRILLIANT AFFAIR

SAN FRANCISCO, Oct. 8.—The Jews will give their ninth grand ball on Sunday evening, October 13, at Puckett's Assembly hall on Sutter street, between Van Ness and Polk streets. The hall will be beautifully decorated. President Eisenhower will lead the grand march, followed by Vice-President C. M. Kletz. The dancing will begin at 8:30.

The arrangement committee, which consists of Chairman A. C. Buchman, D. Steinberg, J. L. Friedman, C. M. Kletz and E. M. Mark, are working hard. Good music will be on hand under the leadership of Walter Isaacs and Harry Lowenstein.

OREGON MAN KILLED.

PARIS, Oct. 8.—The body of a man was found on the railroad track at Abbeville, 25 miles northwest of Amiens, and while identification has not been made certain, the body is presumably that of H. F. Rodney of Portland, Or. It is believed that the man met his death by accident. There are no suggestions of robbery, as the victim's money and papers were not touched.

Don't Blame Your Over Worked Stomach

When your stomach will not digest food, the worst thing you can do is to take a lot of digestive medicines. True, they give temporary relief, but your stomach is the sufferer. Loss of appetite, indigestion, dyspepsia and headaches can only be permanently relieved by removing the cause. In many cases, various remedies taken to relieve these conditions result in ruining the stomach and preventing it from digesting food in a natural way.

If you want your stomach to do its own work properly, without resorting to artificial digestives or predigested foods, use Jayne's Tonic Vermifuge. Take small doses regularly, preferably before meals.

In a little time your stomach will again do its own work, and you will eat heartily, keep well and enjoy living. Jayne's Tonic Vermifuge is not a digester in itself, but it tones up the stomach and intestines, giving you all the nutriment and strength from the food you eat.

Many forms of supposed indigestion are the result of intestinal parasites, for which Jayne's Tonic Vermifuge is unsurpassed. Insist on Jayne's; accept no other. Millions have praised it for more than eighty years. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

SEATTLE CAN'T HEAR KNOX.

SEATTLE, Oct. 8.—Secretary of State Knox, who will arrive in Seattle next Friday, with Secretary of the Interior Fisher, on the cruiser Mary-land, has sent a wireless message to the Seattle Chamber of Commerce and the Rainier Club saying they cannot accept the invitation of the Rainier Club for a dinner next Friday night.

The Republican state central committee also had arranged for a political meeting in Seattle next Saturday, to be addressed by the secretaries.

'CALIFORNIA PET' DUE TO HIT HIGH PLACES

NEW YORK, Oct. 8.—Brokers continue to receive large orders for California petroleum, which has been nicknamed "California Pet." Although the big fellows are persistent in denying the fact that eventually Mexican petroleum "Mexican Pet" and California petroleum will be merged, that is their present intention.

When this merger takes place there will not be a very wide margin between the selling prices of the two stocks, all of which means that California petroleum is due for a much higher market valuation, according to Wall Street experts.

There is going to be big buying of California petroleum by large interests. Those back of California Pet—the interests that underwrote the issue—have enormous buying orders now on their books.

BODY TAKEN FROM ESTUARY IDENTIFIED

A body found floating in the estuary late yesterday afternoon by Manuel Silva, a laborer, was identified last evening as that of Eugene Gillardin, 75 years of age. The aged man is believed to have come to his death accidentally. Gillardin was near-sighted and it is thought he may have stumbled and fallen from the wharf at the foot of Eighteenth avenue. Gillardin left his home at East Fourteenth street and Sixteenth avenue in a cheerful mood yesterday morning and while walking down to the water front conversed with several neighbors. He was not seen again until the body was found yesterday afternoon.

TO DISCUSS POLITICS.

Party platforms and presidential candidates will be subjects discussed at the meeting of the Women's Civic Club of Central Oakland at 5302 Telegraph avenue, Wednesday afternoon at 2 o'clock. The public has been invited.

Frank Carroll Giffen

(Studio 997 Chestnut Street, San Francisco)

Vocalist and Teacher, Says of the

Mason & Hamlin

PIANO

Mason & Hamlin Co., Boston.

Gentlemen:—

I have been in search of a piano for many years, and in many countries, that would afford a satisfactory complement to the human voice and take the place of an orchestra for concert work, and finally I have found this in the instrument you make. Any effort to describe the quality of the tone fails to convey its beauty, yet it is not too much to say the tone is more nearly perfect than that of any other piano, and in many manners resembles the human voice itself. As an aid to teachers and singers it is invaluable, since its never-failing resonance and tonal concentration afford effects which the voice should carefully imitate. I am convinced by years of experience that the Mason & Hamlin Piano is unequaled in the musical qualities so important and requisite to the musician.

(Signed) Yours very truly, FRANK CARROLL GIFFEN.

Mason & Hamlin Pianos are to be seen only at our stores.
